- English/Spanish Words

GAME SETUP

- Unfold the gameboard and place it on a flat surface, within easy reach of all players.
- Carefully remove the 25 picture cards from the cardboard sheet and recycle the waste.
- Place the cards facedown on the matching colored squares in the center of the gameboard (yellow on yellow, blue on blue, etc.)
- Insert the 4 character pawns into a pawn stand.
- Choose a character pawn. Place it on the matching corner character square. Each player does the same.

HOW TO PLAY

The oldest player goes first. On your turn, look (clockwise) at the picture on the game space just ahead of your playing piece. Then flip over a matching color card from the center section. What did you get? A "saw" that's "serucho" in Spanish! Is it a match, a miss or the WILD card?

A MATCH

If the card you turned over matches the picture on the game space just ahead of your playing piece, move your pawn ahead and onto that space.

Place it back in place, facedown. Take another turn and keep going until you MISS. Once you MISS, your turn is over and play passes to the left.

A MISS

If the card you turn over does NOT match the picture on the game space just ahead of your playing piece, put it back, facedown. Sorry, you don't get to move ahead and your turn is over. Play passes to the left.

If the card does not match the picture put it back, facedown.

THE HANDY MANNY WILD CARD

The card with Handy Manny's picture on it is the WILD CARD. If you flip this over you get a free turn. Move your playing piece ahead and go again!

WINNING

Be the first player to move all the way around the gameboard and return back to your character's original starting space and you win!

SHORT GAME OPTIONS

If you prefer a shorter game, play from corner to corner instead of going around the entire gameboard. The first player to land on the next corner space wins.

INTRODUCTORY RULES

As an introduction to the game, leave matching cards faceup instead of flipping them over after making a match. To win, be the first player to move from your character corner space to the next character corner space.

SOLO PLAY

If you'd like to practice your concentration and memory skills, set up and play this game according to the instructions. Then see how many turns it takes to move your playing piece from one colored corner to the next, or all the way around the gameboard. Try to improve with each game you play!
