This is the story of a magical lamp, a genie, an evil sorcerer, a princess, and a poor street boy. It is a story with all the excitement of a thousand and one Arabian nights!

Jasmine, a lovely princess, wants to know what life is like outside the protection of her father's castle. She escapes into the fabled city of Agrabah, where she runs into trouble in the marketplace. She is rescued by a poor street boy named Aladdin. This begins a journey of adventure for Aladdin that will take him on a dangerous mission to the Cave of Wonders in search of a magical lamp, before he can finally return to Agrabah!

1

With the help of the Genie, Aladdin will face the magical dangers of the Cave of Wonders, as well as the evil of the sorcerer, Jafar, as he embarks on the most adventurous journey of a lifetime!

At the end of the story, Aladdin will try to defeat Jafar. If Aladdin succeeds, Jafar becomes a prisoner of the lamp! Aladdin and Jasmine will find true love and the Genie will be free from the lamp which has kept him prisoner for ten thousand years.

## YOU ALWAYS PLAY AS ALADDIN!

You must avoid many dangers during your magical journey! Call for the help of the Genie or the Magic Carpet when necessary. But before you can call for the Genie, you must find and pick up the magic lamp! Score as many points as you can. At the end of the game, you have your chance to save Jasmine!

YOU ALWAYS PLAY THROUGH ALL 4 STAGES OF THE GAME.

If you can defeat Jafar at the end of Stage 4, you rescue Jasmine and win the game!

## STAGE 1: IN THE MARKETPLACE

In the beginning of our story, you and your pal, Abu, are in the Agrabah marketplace. You make your living by taking what food you need to survive. Pick apples! But the palace guards will try to grab you and Abu!

Dodge clear of the guards!

When the guards grab Abu, throw apples at them!

When you hit them with apples, they will drop Abu, and he is free again!

When there are ten seconds left in each stage, you will hear warning beeps!

This tells you to hurry before the stage ends!

There is a simple "Stage Complete" melody as you end each stage. The game pauses after each stage, and the next stage number is shown. PRESS THE ON/START BUTTON TO START THE NEXT STAGE WHEN YOU ARE READY.

PRESS THE MAX SCORE BUTTON during the pause between each stage or after the game is completed, to see the maximum score.

## STAGE 2: IN THE CAVE OF WONDERS

You did a good job in the marketplace. But you were captured by the palace guards! Jafar gives you freedom—for a price. Jafar knows that only you may enter the Cave of Wonders. In exchange for your freedom, he makes you promise to go into the Cave of Wonders for him and seek out a magic lamp!

In this stage, you are going into the Cave of Wonders with your pal, Abu. But Abu is too greedy! He keeps trying to pick up jewels! When he does, the Monkey Idol sends rocks crashing down at you! Thank goodness you have made friends with a Magic Carpet who will help you. Call the Magic Carpet to stop Abu when he jumps up to take jewels from the Monkey Idol!

When you find the lamp, pick it up! Once you have the lamp, you can ask the Genie for a total of three wishes throughout the game. You can call for him once in this stage before it ends. You will also be able to call for the Genie once in Stage 3 and once in Stage 4. When you call the Genie, he grants your wish—which is to clear all dangers from the screen!

You must be very wise in choosing your one time to call the Genie in each stage. If you call for the Genie when you don't really need rescuing, you use up your wish, but you won't score bonus points.

If you call for the Genie when you need to be rescued, he clears the screen of all dangers, and you score bonus points!

When you hear the warning beep indicating that you have only ten seconds left in the stage, hurry up! When you run into trouble, call for the Genie if you haven't already done so!

LOOK FOR THE MAGIC LAMP IN THE CAVE OF WONDERS!

### STAGE 3: ESCAPING FROM THE CAVE OF WONDERS

The good news is that you have made it through Stage 2 in the Cave of Wonders. But now the Monkey Idol is aware of your presence and will do everything he can to make sure you don't escape from the cave!

Unfortunately for you, your pal, Abu, is not the least bit worried about these new dangers, and is still trying to grab jewels that don't belong to him!

As in Stage 2, whenever Abu grabs a jewel, the Monkey Idol will send rocks crashing down on you!

Thank goodness for the Magic Carpet! As in Stage 2, you can call for the Magic Carpet to keep Abu from grabbing the jewels!

To make your quest even more challenging, as you travel out of the Cave of Wonders in Stage 3, you will often have to dodge hot lava erupting in the cave!

Remember that you can also call the Genie one time during this stage! When you call the Genie, he grants your wish by clearing all dangers from the screen—and you score bonus points!

10

Don't forget. You must be very careful to choose the right time to call the Genie. If you call the Genie when you don't need rescuing, you use up a wish, but you don't score any bonus points!

You will find Stage 3 tougher than Stage 2. In Stage 3, the game speed is much faster, and you are attacked more frequently. But fear not—the potential rewards are also greater! Since you are moving faster and facing more attacks, you have the chance to score even more points than before!

11

IN STAGE 3, YOU MUST ESCAPE FROM THE CAVE OF WONDERS! PRESS THE "◀" BUTTON TO DODGE ROCKS AND HOT LAVA! PRESS THE PICK/CARPET BUTTON TO CALL FOR THE MAGIC CARPET. REMEMBER, ONCE YOU PICK UP THE LAMP IN STAGE 2, YOU CAN CALL FOR THE GENIE ONLY ONCE PER STAGE.

## STAGE 4: DEFEATING JAFAR AND RESCUING JASMINE

You have survived the Cave of Wonders! Now you return to the Sultan's palace to find your destiny! When you return, you find that Jafar has imprisoned Jasmine in an hourglass! You must defeat Jafar in order to free her and win the game! In this fourth and final stage, the game speed is at its fastest, and the challenge you face is the most intense!

13

Jafar will not fight fairly. As the stage begins, he turns himself into a snake! So you must defeat him with all his snake powers! As a snake, he will shoot lightning bolts at you from his eyes! You must dodge the lightning bolts!

When swords appear on the ground, pick them up and throw them at the snake! Each sword you pick up gives you 3 throws! When you run out of throws, do your best to find another sword and pick it up!

When you are really in trouble with the snake, you can call the Genie to help you! When the Genie appears, once again he will grant your wish by making all dangers temporarily disappear from the screen—and scoring you bonus points! This gives you a chance to catch your breath and gives you a clear path to a sword if you need it!

But as before, you are granted only 1 wish during the stage. If you call for the Genie when you don't need rescuing, you won't score your bonus points and you'll use up your wish.

When you hit the snake 10 times, you will defeat Jafar! In the beginning of the stage, he turned himself into a snake. But after you hit him 10 times, he will turn into an evil Genie and will be sucked into the lamp! Then, the hourglass will shatter, freeing Jasmine, and you WIN THE GAME!

But if you don't hit the snake 10 times before the stage ends, the hourglass holding Jasmine will not break, and Jafar appears once more as a triumphant sorcerer!

IN THE BEGINNING OF STAGE 4, JAFAR TRANSFORMS HIMSELF INTO A SNAKE! PRESS "◀" BUTTON TO DODGE CLEAR OF THE LIGHTNING BOLTS HE SHOOTS FROM HIS SNAKE EYES! PRESS THE ON/START BUTTON TO BEGIN

YOU WIN THE GAME IF YOU CAN HIT THE SNAKE WITH SWORD THROWS 10 TIMES! THEN JAFAR IS TURNED INTO AN EVIL GENIE AND SUCKED INTO THE LAMP! THE GOOD GENIE IS NOW FREE FROM THE LAMP! THE HOURGLASS HOLDING JASMINE WILL BREAK OPEN, AND JASMINE IS ALSO FREE! NICE GOING!

(After you've picked a sword.)

After the game ends, PRESS THE ON/START BUTTON TO BEGIN A NEW GAME. The maximum score is displayed for 2 seconds, and then the game starts with the "Game Start" Arabian melody. The display shows Stage 1. You start over, of course, with zero points.

PRESS THE OFF BUTTON WHEN YOU'RE FINISHED PLAYING.  
Don't worry if you forget to turn off the unit—the game will magically shut off about 3 minutes after you finish playing!
