ALIENS

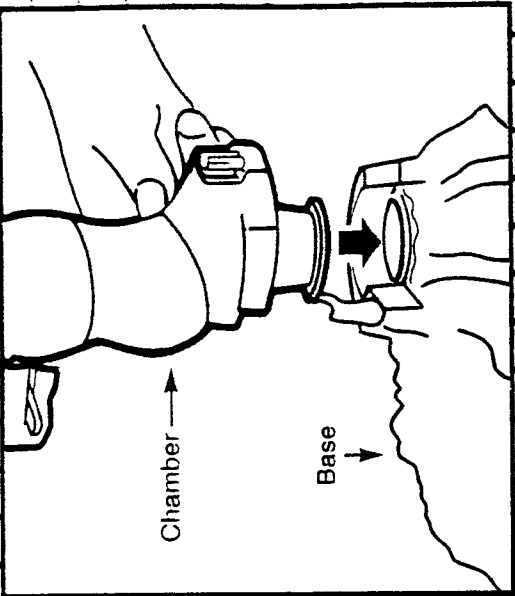

QUEEN HIVE™ INSTRUCTIONS

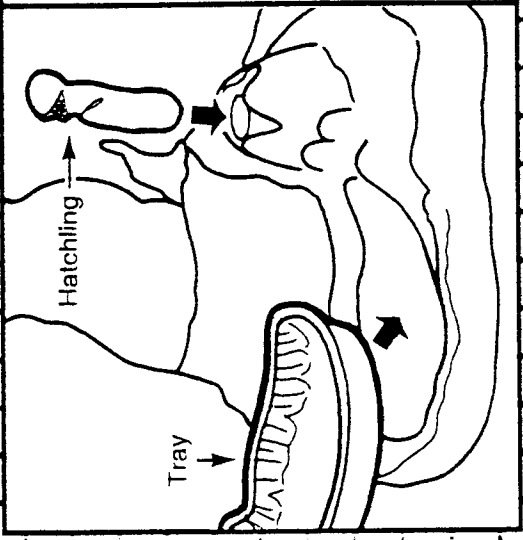

1. **ONE-TIME ASSEMBLY**
Attach outcropping to base.

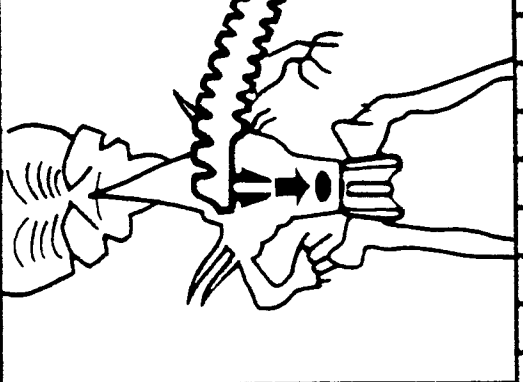

2. Snap lid to top of chamber.

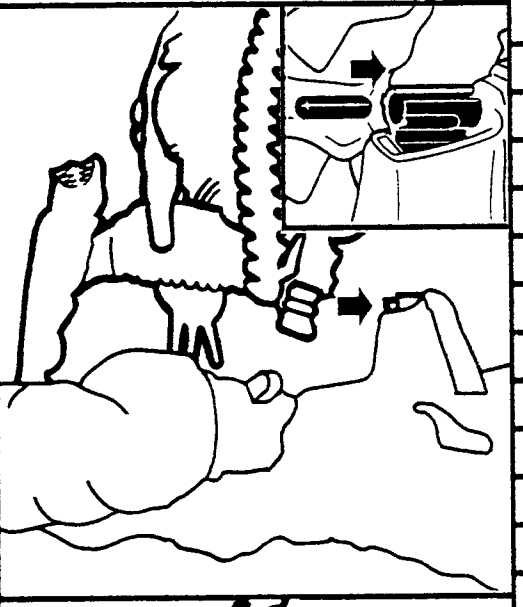

3. **ONE-TIME ASSEMBLY**
Snap chamber into base.

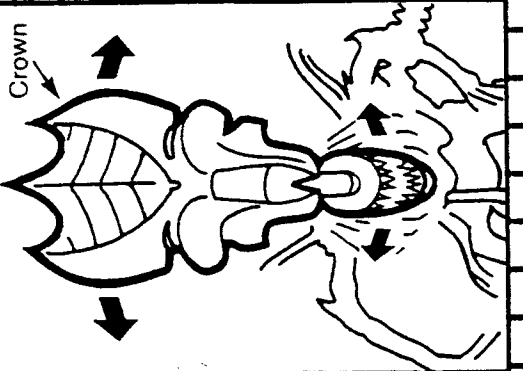

4. Place tray into base. Place hatching tray into egg as shown.

5. **ONE-TIME ASSEMBLY**
Snap tail onto Queen Alien figure.

6. Slide Queen Alien figure into special joint on chamber.

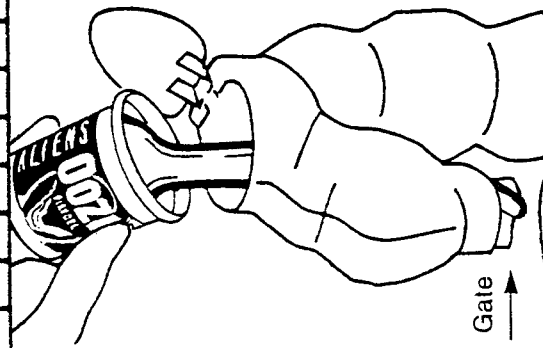

7. When the "crown" is moved in one direction, the Queen's jaw moves in the opposite direction.

8. Close the gate on the chamber. Pour entire can of non-toxic Aliens™ Ooze into the chamber.

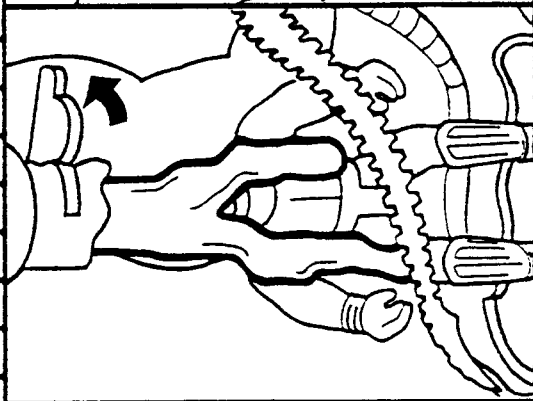

Place a figure on the foot peg in the tray.

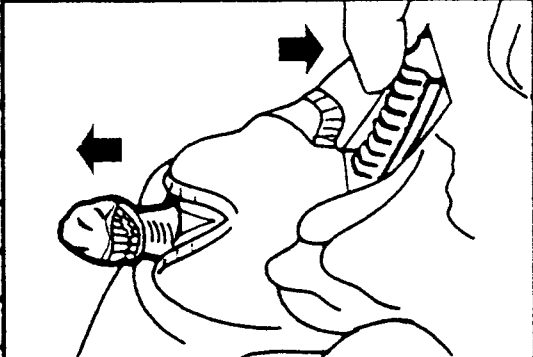

10. Rotate chamber in the direction of the arrow, as far as it will go. Position Queen's tail in the direction of the arrow, as far as it will go.

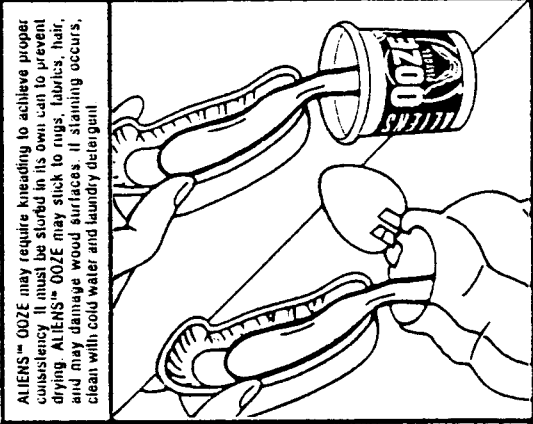

11. Now, rotate the chamber in the direction of the arrow as shown; the tail will trap the figure.

12. Side gate open to let Aliens™ Ooze fall down onto the captured figure.

13. With the hatching in the egg, hit the lever to make it fly out to attack.

ALIENS™ OOZE may require kneading to achieve proper consistency. It must be stored in its own can to prevent drying. ALIENS™ OOZE may stick to rugs, fabrics, hair, and may damage wood surfaces. If staining occurs, clean with cold water and laundry detergent.

14. To play again, pour the Aliens™ Ooze from the removable tray back into the chamber. For storage, pour only into the can. Make sure the can is tightly sealed.
