# SLIDERS

**Pocket Edition**

## **Contents:**

6 pawns, 5 double-sided play-discs  
and a carry-case.

## AIM, SLIDE...

1. Put 1 play-disc on a flat surface.
2. Both choose a set of 3 pawns.
3. Take turns to **aim** and **slide** pawns towards the play-disc.
4. When you've used all of your pawns, add up your scores.
5. The player with the highest score wins!

## Guess what?

Each play-disc has an easy side and a much trickier side!

**It's ok to knock another player's pawn out of the way...  
but be careful, you might end up in a lower-scoring area too!**

## More cool ways to play!

- Use more than one play-disc, or even all 5! Play as above. Keep aiming for the same play-disc, or dare to be different!
  - Play with all the play-discs. Whoever scores the highest on each play-disc gets to keep it. The player with the most play-discs wins!
  - Try scoring as you go. The first to 20 points wins!

## SCORE!

Check which areas of the play-disc your pawn is touching.

**Always score for the highest area, unless your pawn is touching a negative area! SORRY!**

Score = 3

Score = -2

**TIP:** Add up the scores from your pawns that **are not** touching negative areas first. Take away your negative scores at the end.
