

Puzzles Plus™ Mix & Match Memory

In Cranium Puzzles Plus Mix & Match Memory, players match pictures and words in a classic memory game. Then the matches go into the puzzle board to complete the big picture!

Cariboo®

Kids love exploring the golden island of Cranium Cariboo, where they enjoy the thrill of unlocking secret doors and discovering hidden treasures! The matching activities combine laugh-out-loud fun with four early learning fundamentals—letters, numbers, shapes, and colors—so kids learn as they play. And because the rules are easy and reading is not required, kids can enjoy the game on their own!
