# Puzzlest US

Seek & Find: Take Me to the Carnival!

Welcome to the world of Puzzles Plus, where you create a cool puzzle—and do so much more! Finish the puzzle, then circle delightful discoveries with the reusable dry-erase marker.

#### **HOW TO PLAY**

Put the puzzle together.

Give each player three cards from the beginner or advanced deck.

Circle what you find with the dry-erase marker!

When you're finished, wipe off the puzzle with a dry tissue.

Take turns searching the puzzle for the items on the cards.

#### **NOW TRY THIS!**

What else can you find at the carnival? Try looking for your favorite animal or something that starts with the first letter of your name. Take turns challenging each other to find new things in the puzzle!

## Puzzles Plus™ Mix & Match Memory

In Cranium Puzzles Plus Mix & Match Memory, players match pictures and words in a classic memory game. Then the matches go into the puzzle board to complete the big picture!

Ages 3 and up

### Cariboo®

Kids love exploring the golden island of Cranium Cariboo, where they enjoy the thrill of unlocking secret doors and discovering hidden treasures! The matching activities combine laugh-out-loud fun with four early learning fundamentals—letters, numbers, shapes, and colors—so kids learn as they play. And because the rules are easy and reading is not required, kids can enjoy the game on their own!
