Accuracy

- It's important to be able to hit a target dead-on in Accuracy events.

- Sometimes it's not enough to hit the target; sometimes you've got to hit it hard.

Control

- In Control Events, you've got to be able to maintain control of your B-DAMAN while moving it from side-to-side.

Rapid Fire

- In Rapid Fire events, the more B-DABALLS you can launch and the faster you can launch them, the better.
