B-DAMAN™ SKILL MATRIX

The B-Daman Skill Matrix tells you how important each of the five different B-Daman skills are for a given event. Check out the B-Daman Skill Matrix before starting the event and customize your B-Daman to win!

ACCURACY

It's important to be able to hit a target dead-on in Accuracy events.

POWER

Sometimes it's not enough to hit the target; sometimes you've got to hit it *hard*.

BALANCE

Balance prevents your B-Daman from tilting back or to the side at the wrong time while aiming at a target.

CONTROL

In Control Events, you've got to be able to maintain control of your B-Daman while moving it from side to side.

RAPID FIRE

In Rapid Fire events, the more B-DABALLS™* you can launch and the faster you can launch them, the better.

EXAMPLE:
You will need a lot of accuracy for this game.

CUSTOMIZE FOR BATTLE ADVANTAGE
