

Baby Bundles™ Instructions

Thank you for purchasing Playskool's Baby Bundles! If you have any questions, concerns or comments about this product, please call Playskool toll-free at 1-800-PLAYSKL.

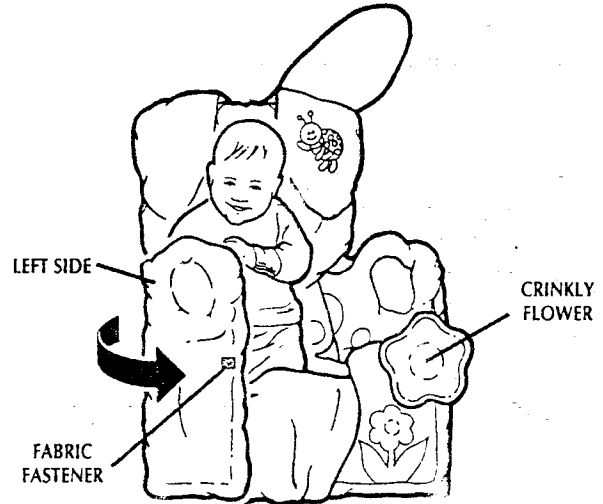

Please note: The bunting feature works best with babies up to 26" long.

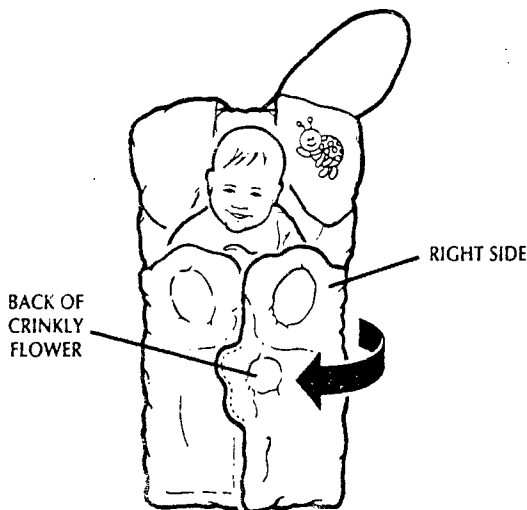

To Fold Quilt Into a Bunting:

1. Place quilt with puppy facing up, and remove rattling bone to prevent it from becoming misplaced. Lay baby on his or her back in the center of the quilt. Tuck baby's feet into the pockets.

2. Fold the left side of the quilt over baby (the side with the bluebird teether).

3. Fold the right side of the quilt over baby, and attach the crinkly flower to the fabric fastener on the left side of the quilt.

4. To make a hood for baby, fold puppy's left ear over baby's head, then lift ear flap, and attach it to the fabric fastener on the back of the left ear as shown.

To Use Baby Bundles in Strollers or Car Seats:

Attach the stroller or car seat strap as you normally do. Depending on the design of your stroller or car seat, you may need to fit the strap through the "button hole" in the quilt to attach the strap.

CAUTION: Always fasten baby securely into the stroller or car seat using the manufacturer's supplied restraint system. For strollers, make sure you fit the crotch restraint through the button hole in the bunting before fastening it to the waist restraint. For car seats, always fit the shoulder harness through the button hole in the bunting before attaching the shoulder harness to the seat.

Washing Instructions:

Place in pillow case & tie end closed. Machine wash separately -- gentle cycle, cold water, mild detergent, no bleach. Tumble dry promptly in pillow case, low heat setting.
