No tools needed for assembly.

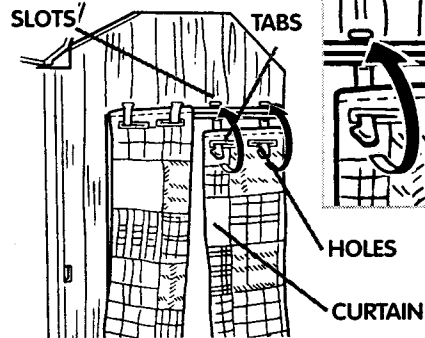

Treehouse Playset

TO APPLY LABELS

Peel and apply labels to inside wall anywhere in the eight compartments.

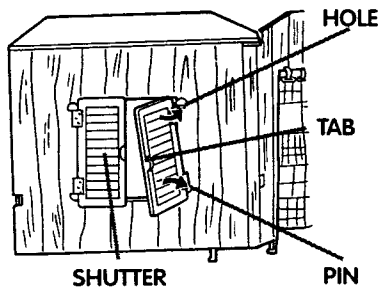

TO ATTACH CURTAINS

• The curtains are interchangeable.

1. With outside of wall facing up, insert tabs UP THROUGH holes in curtain.
2. Insert end of tabs through slots in wall above window to secure curtain.
3. Repeat for remaining curtain.

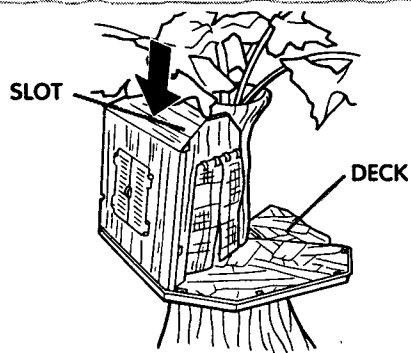

TO ATTACH SHUTTERS

• The shutters are interchangeable.

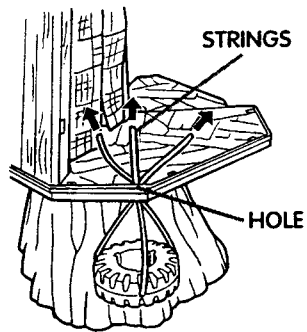

1. Snap one pin on shutter into hole in side of window. Bend shutter slightly and snap other pin into hole. Repeat for remaining shutter.
2. Window tabs should face in the same direction.

TO ATTACH WALL

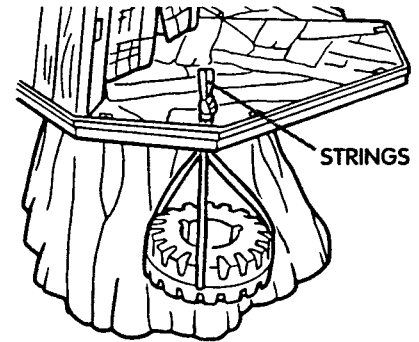

1. Bend wall to align tabs on bottom of wall with holes in deck. Snap tabs into holes.
2. Insert tab on top of wall into slot in roof.

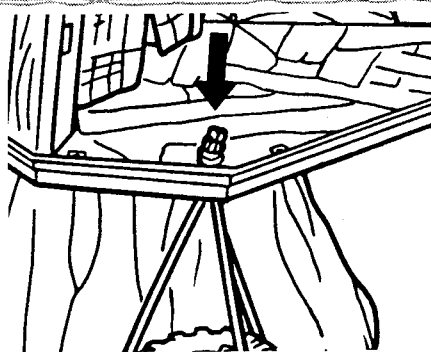

TO ATTACH TIRE SWING

1. Insert the 3 strings up through hole in deck.

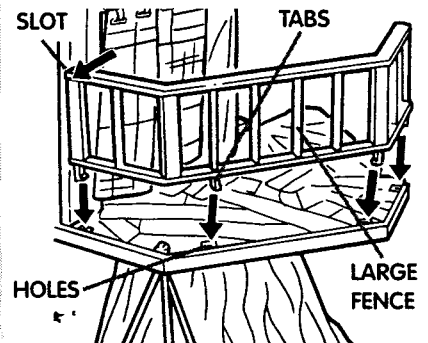

2. Tie all 3 strings together in one knot, as close to the end of the strings as possible.

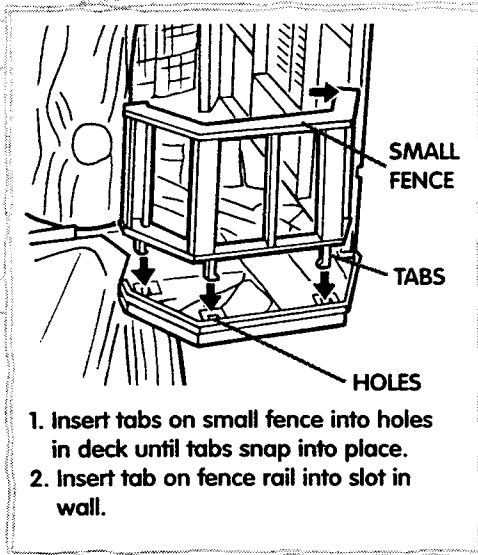

3. Pull tire swing down until knot lodges inside hole. If there is any excess string, trim it so that it's even with deck.

TO ATTACH LARGE FENCE

1. Insert tabs on large fence into holes in deck until tabs snap into place.
2. Insert tab on fence rail into slot in wall.

TO ATTACH SMALL FENCE

TO OPERATE ELEVATOR

- Move the elevator by grasping the platform and sliding it up or down.
- Move the elevator platform up to make the leaves "grow."
- Move the elevator platform down to make the leaves return inside the trunk.
