

6-1157

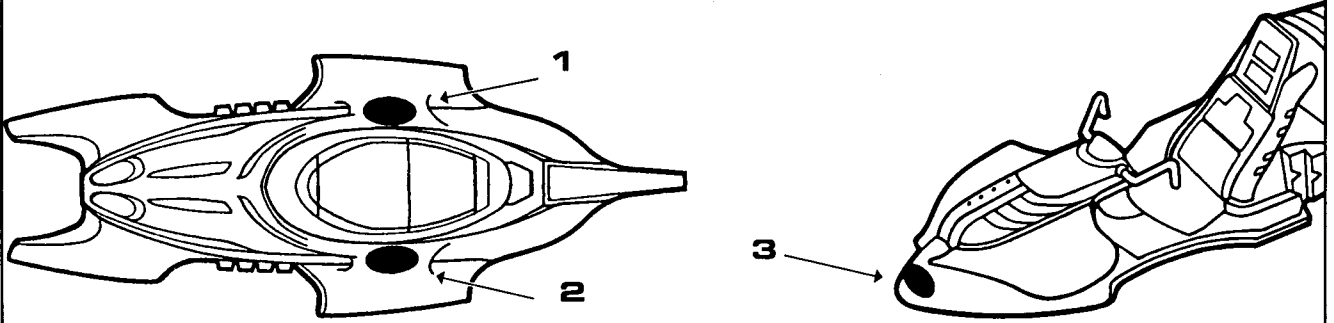

BATMAN® FOREVER

BATWING®

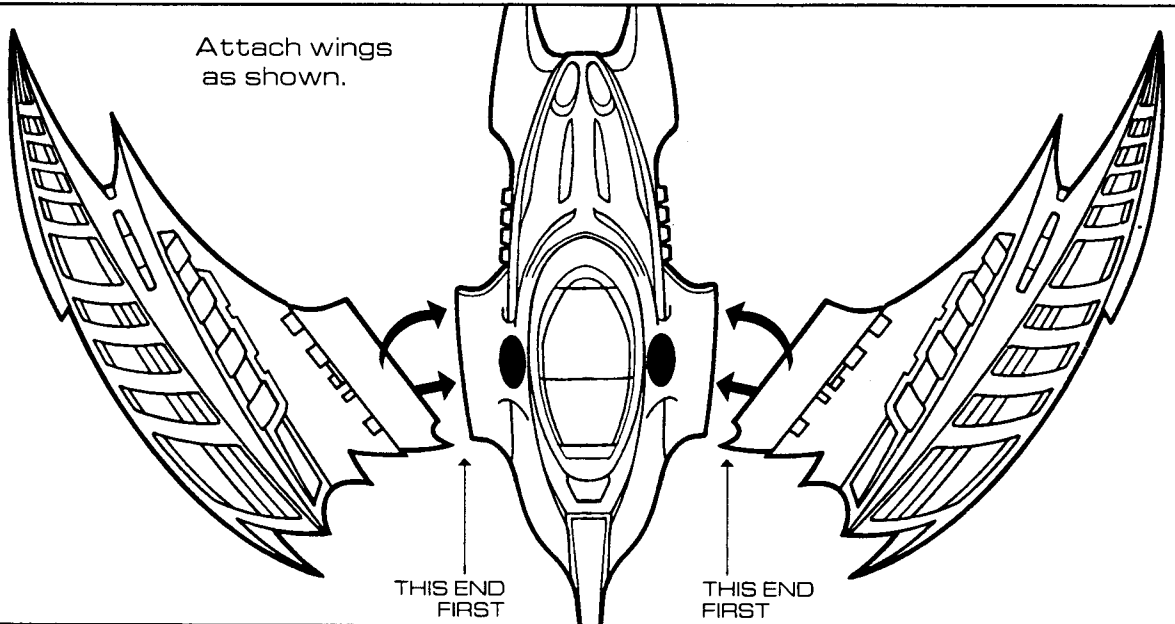

VEHICLE

INSTRUCTIONS

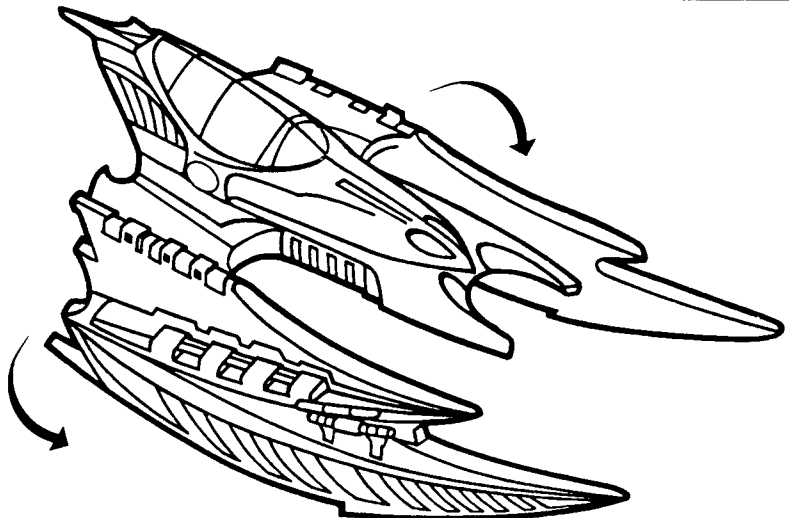

1 Apply labels using the numbers on label sheet and these illustrations as a guide.

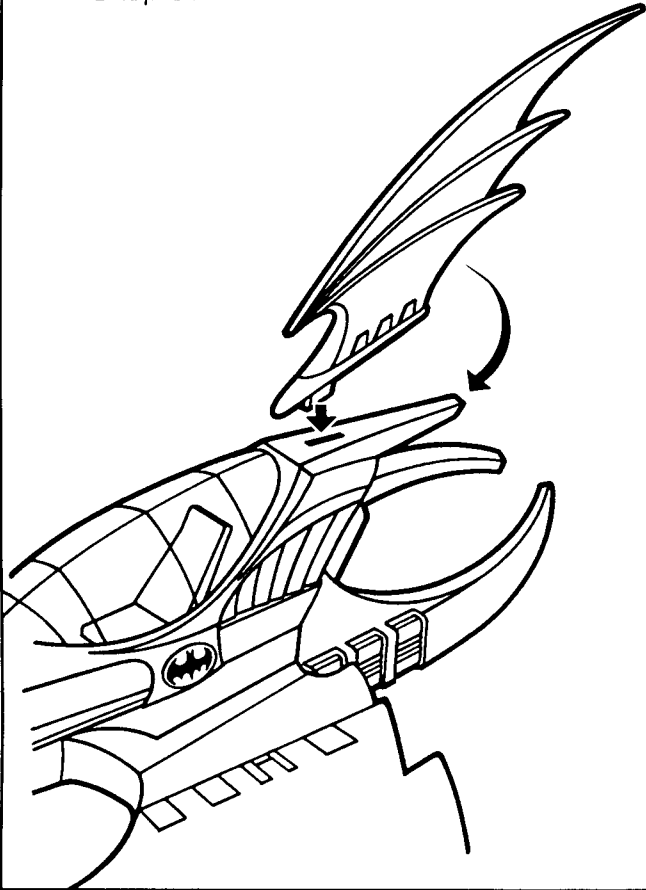

2 Attach wings as shown.

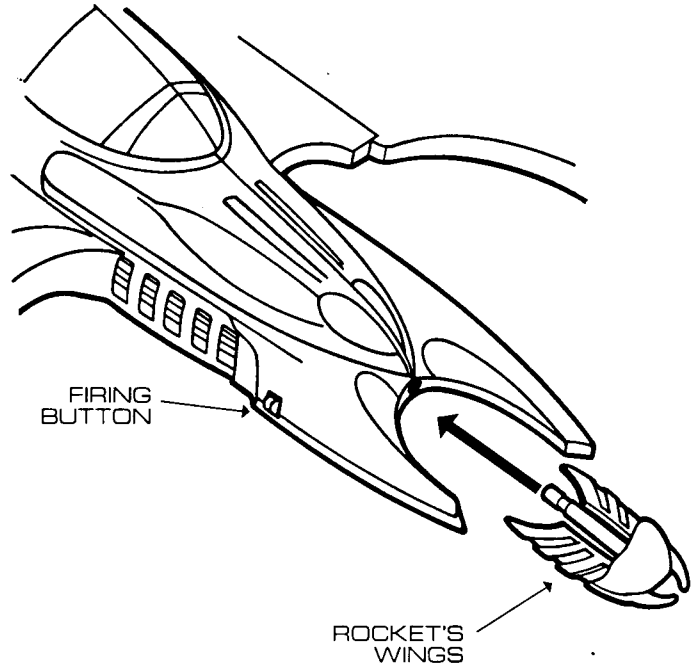

3 Wings can be manually rotated down to power dive position.

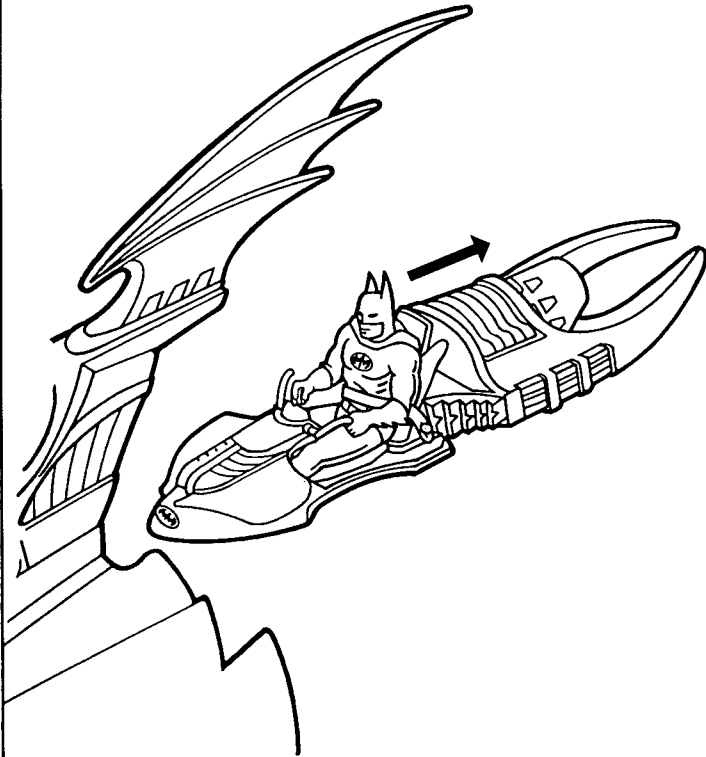

4 Attach tail. Insert front hook first, then snap back hook into vehicle.

5 Load rocket into front end of vehicle. Rocket's wings fit under the front of vehicle. Press button to fire.

6 Battle cockpit detaches for attack. Put figure into seat and strap him in with the seat belt.

7 Raise canopy to see the figure inside vehicle.
