Support Parts with attack points!

CUSTOMIZE FOR EACH BATTLE!

WHAT IS CUSTOMIZING?

Customizing is taking parts from different BEYBLADE tops and putting them together to create a new top. Why customize? Because you can change how your top will perform in battle. By switching parts, you can create a top that will perform a certain way. For example, if your opponent has an Attack Type top, you may want to change your top's parts to make it a Defense Type top, to help withstand your opponent's attacks.

Learn all the different types of Attack Rings, Weight Disks and Spin Gears that are available and that you have in your collection. Look at the star chart on the packages to see the strengths of each top's parts and check out the website beyblade.hasbro.com for more information!
