SPIN GEAR SYSTEM

Super Grip Tip

Grip Tip

Your attack rate will be higher, and super high speed moves will make it impossible for anyone to get away!

Blade Tip: The tip provides better gripping power, to increase the speed of the top!

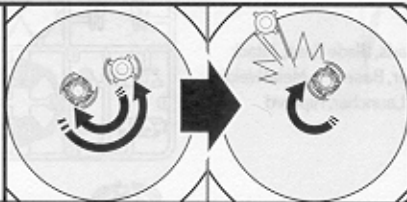

Left Spin Gear

Removable Left Spin Gear is interchangeable with other Spin Gears to increase your customizing options for additional battle strategies. Left Spin Gear is great for reverse spin attacks!

1 LAUNCH

The Blade base has a narrow tip, which makes it an expert attacker from the inside of the stadium.

Left Spin Launcher

By combining the Left Spin Launcher with the Left Spin Gear, it becomes a specialized reverse spin shooter that can shoot in a reverse direction.

2 BATTLE

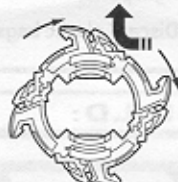

With a Left Spin Gear, the top spins left, using the Attack Ring's shape to attack an opponent.

Attack

With a Right Spin Gear, the top spins right, using the Attack Ring's shape to fend off an opponent's attack.

Defense
