BATTLE TIPS:

Collect. Each type of top (attack, defense, stamina, balance) performs differently, so it's good to have different types. That way, you are ready to battle any top.

Customize.

Customizing your tops will make them perform differently. Experiment and see how to enhance their performance by switching parts.

- What kind of top does your opponent have, and what will be the best way to defeat it? Do you
 need an attack top or one with stamina? Is a defense top your best option, or a top with balance?
- What kind of stadium are you using? Familiarize yourself with the different types of stadiums, so you will know which kind of top will work best in it.

Compete.

Figure out what type of top you're battling so you can choose the best top and strategy to win.

BEYBLADE TOURNAMENT

Show your skill at customizing winning tops with this 3-battle tournament match.

- 1. Assemble 3 tops using genuine Beyblade Metal Fusion parts. You must use a different Fusion Wheel^{TM*} for all 3 tops. (One 5-piece top included; other tops and parts not included.)
- 2. Place the tops in the Beyblade deck. Keep the deck closed to conceal your tops from your opponent.
- **3.** Battle one top at a time against your opponent's 3 different Beyblade Metal Fusion tops. You and your opponent can battle your tops in any order, but you can battle each top only once.
- **4.** The player who wins 2 out of 3 battles is the winner.
