Double Dragon™

The Rosetta Stone

LCD VIDEO GAME**1 THE DOUBLE DRAGON™ STORY**

The legend continues! A year ago, you and Jimmy accomplished what no one before you had ever been able to do. In Double Dragon 2, you invaded the super-complex of the Black Shadow Warriors. You fought your way—kick by kick, punch by punch—to their inner chambers, where Sensei lived within their own evil.

You confronted the Black Shadow mastermind and won. But now, you and Jimmy's brother—Billy—must embark on an adventure more dangerous, and more deadly, than anything you have ever experienced before.

You and Billy Lee will travel to the ends of the earth—from the USA to China, Japan, and Italy, and finally to Egypt, where modern life began. But will Egypt be your cradle of civilization or your crypt of destruction? No one knows for sure—but you are about to find out!

7 GAME SUMMARY

You and Billy Lee must travel through 5 stages of epic martial arts battle. Each stage represents a different global location—USA, China, Japan, Italy, and Egypt!

Each stage requires punching, kicking, and throwing your way to victory. When an enemy drops a weapon, you can pick it up and use it for your own advantage!

You will encounter many savage enemies, including Chin and Yagyu. If and when you defeat them, you will be able to have them fight on your side in later stages!

You will be rewarded with points each time you defeat an enemy! You begin with 3 chances and a full energy bar. But each time an enemy successfully attacks you, you will lose an energy bar.

If you ever lose all 3 chances on any stage, the GAME IS OVER! When you complete a stage within your 3 chances, you will also score BONUS POINTS for every unit left on your energy bar! You begin each stage restored to full energy.

You WIN the game when you complete your odyssey by battling your way through stage 5 in the deserts of Egypt!

Press the PICK button when an enemy drops a weapon to use yourself. So pick up bonus points when the 'P' appears.

Defeat Chin in China (stage 2). Then you can press SELECT button and choose him as your fighter in any of following stages!

Defeat Yagyu in Japan (stage 3). Then you can press SELECT button and choose him as your fighter in any of following stages!

Finish your mission (each stage) before you run out of energy! Score 50 BONUS POINTS for each unit left on your energy bar!
