Cake Stickers Bake Set Instructions

Note to Parents: Wash all parts thoroughly before use.

This set includes:

- 2 yellow cake mixes, 1 devil's food cake mix, 3 white frosting mixes, 3 edible cake stickers,
- 1 packet of sugar decorations

You will also need:

- margarine and flour, or non-stick cooking spray; measuring spoon (teaspoon); water; mixing spoon; mixing bowl; spatula; baking pan

Yellow or Chocolate Cake

Each packet makes a one-layer cake.

Preheat Easy-Bake[®] Oven for 15 minutes, or ask an adult to preheat kitchen oven to 375°.

Grease and flour pan, or spray pan with non-stick cooking spray.

1. Pour contents of mix envelope into mixing bowl. Add 3 teaspoons of water, and mix with spoon until smooth.

2. Pour batter into pan and spread evenly.

3. Bake in Easy-Bake[®] Oven for 12 minutes, **OR** in your kitchen oven for 12 minutes.

4. Allow to cool in Easy-Bake cooling chamber for 10 minutes, then remove pan from Easy-Bake Oven with pan pusher. If baking in your kitchen oven, have an adult remove pan immediately from oven. When cool, remove cake from pan.

White Frosting

Each packet makes enough for a one-layer cake.

1. Pour contents of mix envelope into mixing bowl. Add 3/4 teaspoon of warm water, and stir thoroughly with spoon until smooth. (For thinner frosting, stir in droplets of water to desired consistency.)

2. Spread frosting over cake with spatula.

Applying Cake Stickers

Keep stickers in sealed bags until ready to use. Apply sticker **immediately** after frosting the cake. Do not wait until the frosting has hardened.

1. Using safety scissors, carefully open the sealed bag and remove sticker. Peel sticker off backing. **NOTE:** If sticker doesn't easily peel off the backing, place it face up **ON TOP** of pre-heated Easy Bake Oven® for **NO LONGER THAN 20** seconds to loosen it from backing.

2. Place sticker, right side up, on freshly frosted cake. **GENTLY** press sticker to adhere it to the frosting. The sticker will slowly melt into the frosting.

Applying Sugar Decorations

Place sugar decorations on frosting. Do not place them on stickers because they will not stick.

Now, your beautifully decorated cake is ready to eat!
