THER ALIEN ACTIVITIES

- Fly aliens in the spaceship!
- Dissect aliens with the plastic knife!
- Flatten them with the roller!

Use your imagination to dream up more adventures and experiments for your aliens!

 TIP: To prevent your aliens from drying out, store them in the spaceship, in the covered craters, or in an airtight container (not included).

IMPORTANT CLEANING INSTRUCTIONS:

Wash playset base with soap and warm water. Wipe dry. Wipe spilt LUNAR LAVA gel with a damp cloth.

Stain Advisement: Note that LUNAR LAVA™ gel may stain some surfaces. Adult supervision is recommended. Wash with soap and warm water.

Cleaning up METEOR MUD™ compound: If spilt, remove excess compound, allow to dry, then scrape or vacuum deposits away. Always put compound back in container after play. Store in a cool place. If necessary, water may be added one drop at a time to restore softness. **NOT A FOOD ITEM. NONTOXIC.**

WARNING:

CHOKING HAZARD-Small parts. Not for children under 3 years.

COMPOUND NET WT. 6 OZ. (170 g) GEL NET WT. 6 FLUID OZ. (177 ml)

CONTENTS: Playset base, 4 alien molds, 8 alien half-molds, 4 crater covers, dome with handle, space ship with dome, 3 plates, plastic knife, roller, backdrop, circle cutter, instructions, 3 two-ounce bottles of LUNAR LAVA[™] gel (net wt. 6 fl. oz., 177 ml) and 3 two-ounce cans of METEOR MUD™ compound (net wt. 6 oz., 170 g).

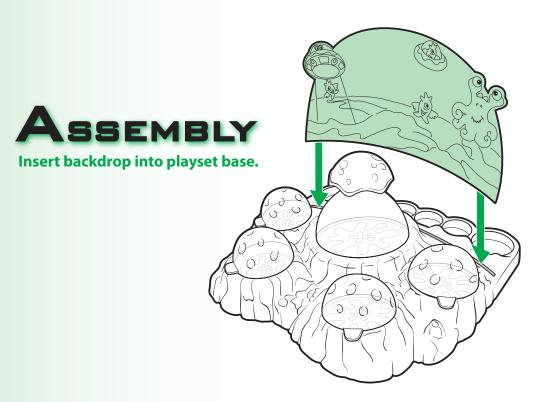

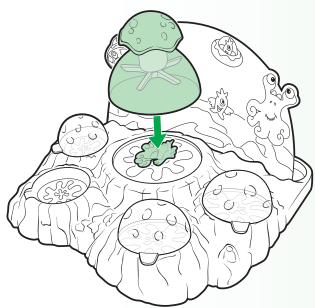

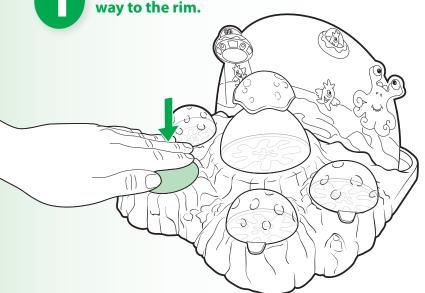

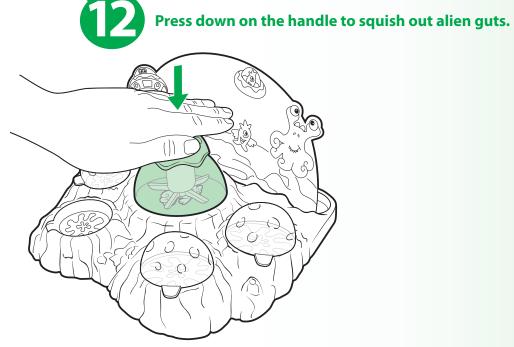

CREATE ALIENS

Fill crater with METEOR MUD™ compound all the way to the rim.

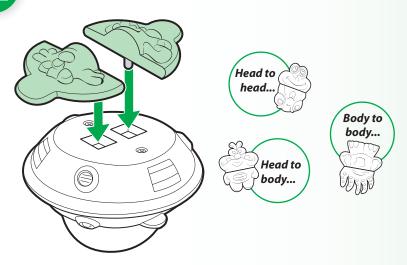

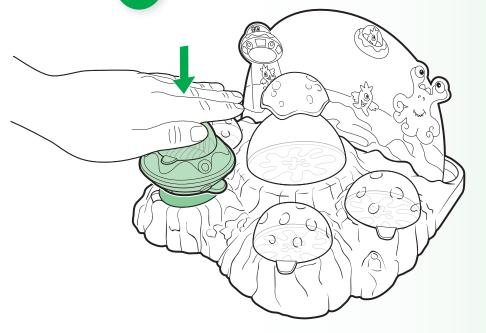

Choose a mole the underside

Choose a mold or two half-molds and snap into the underside of the spaceship.

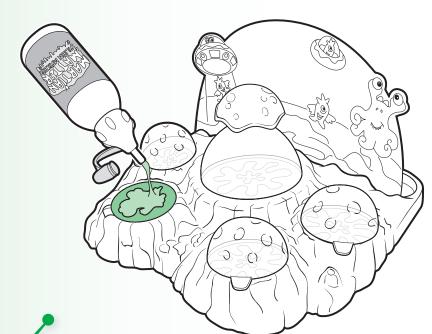

• TIP: You can use the alien molds from the Martian Matter Alien Maker™ Mega Set and the Martian Matter Alien Maker™ Spaceship with the Crater Creatures™ playset! (each sold separately)

Press the spaceship into the METEOR MUD™ compound.

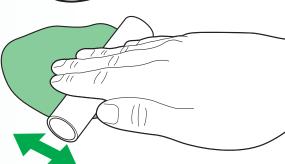

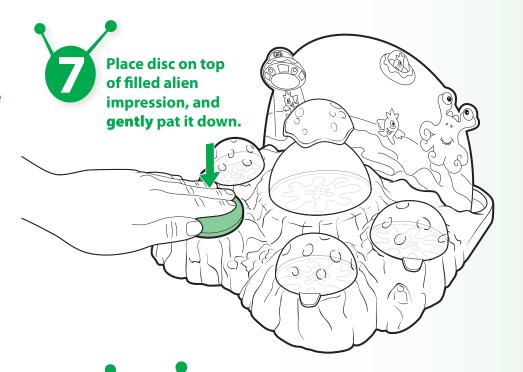

The compound now has an impression of your alien in it. Fill impression with LUNAR LAVA™ gel all the way to the top, but do not overfill it. (You can use one color or combine the colors to create a multi-colored alien.)

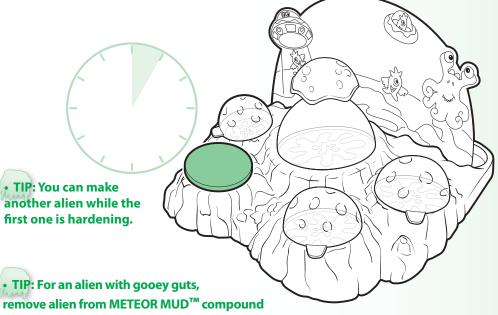

Place some METEOR MUD™ compound on a flat surface and roll it out with the roller.

Let alien sit for 3-5 minutes to give LUNAR LAVA™ gel time to harden.

File: 26191HB 20681 20680_MM_crater creatures.indd Date: 06/Nov/08 150H-L

remove alien from METEOR MUD™ compound after 3 minutes. To create a solid alien, leave it in for the full 5 minutes.
