GEL Painter™

Ages 5 & Up
PAINT NET WT. 1 FL. OZ. (29 ml. e).

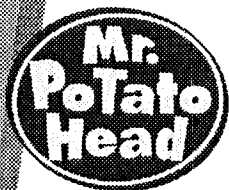

Easy-to-paint animation cel art!

Thank you for purchasing Fantastic Cel Painter, the easy-to-use kit that lets kids create professional-looking animation cel art!

If you have any questions, comments, or need additional information concerning this product or its parts, please call our *Hasbro Consumer Service hotline at 1-800-327-8264, Monday through Friday, 8:00 AM to 5:00 PM Eastern Time.*

Includes 4 acetate cels, 2 picture frame mats (each with 2 background

scenes), 6-color paint set and paint-brush.

Kenner

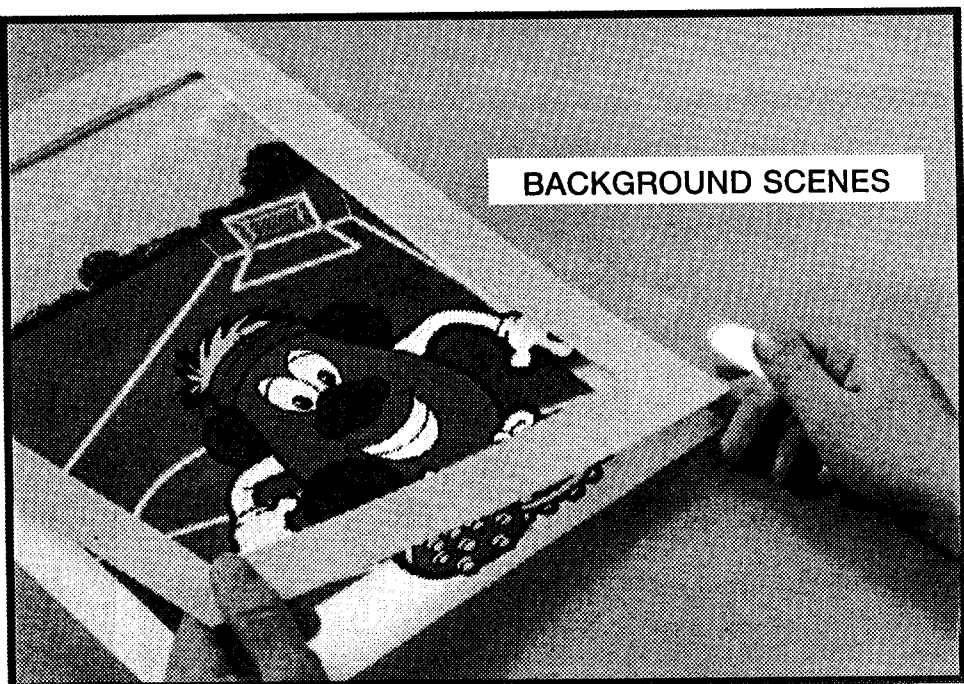

PAINT ON SIDE MARKED "BACK"

1. Pop out the background scene from each frame mat.
2. Select an acetate cel and turn it to side marked "BACK."
3. Use the paints and brush provided to paint the Potato Head characters. If you wish, refer to the photos on the back of the package when choosing colors. If you paint a little outside the lines, don't worry; the paint will be hidden by the thicker lines on the front!

Note: The paint in this product may stain certain fabrics and should be kept away from carpets and other fabric items.

4. Allow about 15 minutes for paint to dry. Test to ensure paint is completely dry by touching the edge of a painted area. If paint is tacky, wait a few minutes and test again. When paint is completely dry, turn over the acetate cel and look at the colorful, vibrant image you've created!

BACKGROUND SCENES

5. Select one of the 4 background scenes (2 of which are printed right on the frame mats.)
6. If you are using a background scene printed on the frame mat: Flip up frame mat cover and insert corners of acetate cel (front side up) into 4 outer cut marks on frame mat. If you are using one of the background scenes that you popped out of the frame mat: Flip up frame mat cover and insert the corners of the background scene into the inner cut marks on the frame mat, then insert corners of acetate cel into outer cut marks.
7. Close frame mat cover. Display your work of art by hanging it on a wall with push pins, or by placing it in a 9" X 12" picture frame (not included).

Note: Do not use tape on the frame mat due to possibility of tearing.
