

Instructions

Ages 5 & Up

Beautiful Butterflies is designed for use with Fantastic Flowers Flower Making Set. This accessory set includes 1 butterfly plate, 8 butterfly bodies, 2 bracelets, 4 barrettes, 4 clips, glitter glue and 2 kinds of paper.

PLEASE NOTE: To remove parts from runner frame, simply twist off. After removing parts, use safety scissors to trim all excess plastic.

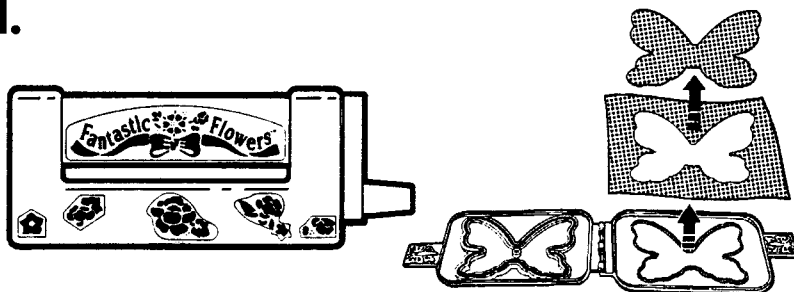

Assembling the Butterfly Plate:

Twist off and dispose of the plastic tabs on both pieces of the butterfly plate. Snap hinges together as shown.

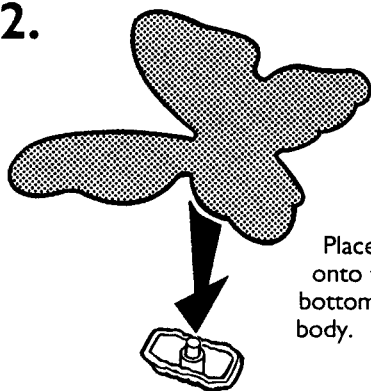

How to Make Beautiful Butterfly Accessories:

1.

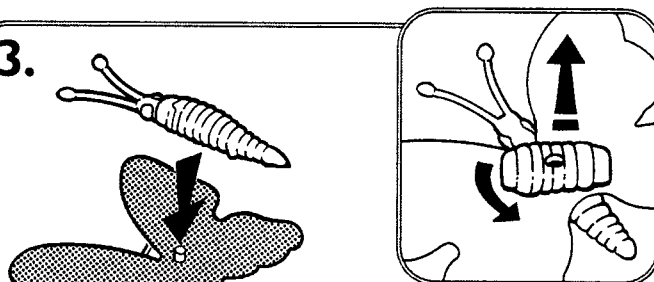

Place a piece of paper in the butterfly plate and run it through the flower press, as directed in the Fantastic Flowers Flower Making Set. Remove the paper from the plate, and take out the butterfly wings.

2.

Place the butterfly wings onto the pin on the small bottom piece of the butterfly body.

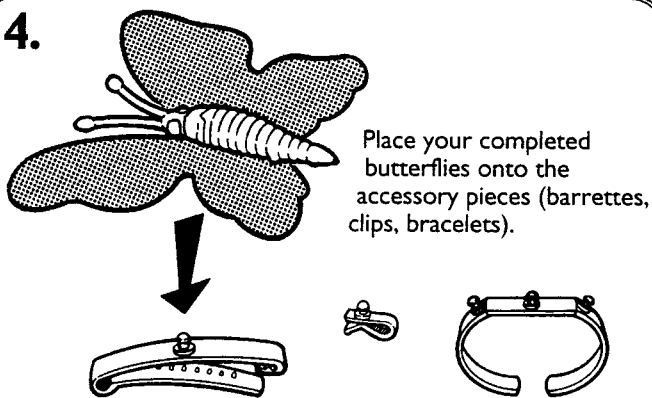

3.

Place the large top part of the body onto the bottom pin. You've completed your Beautiful Butterfly!

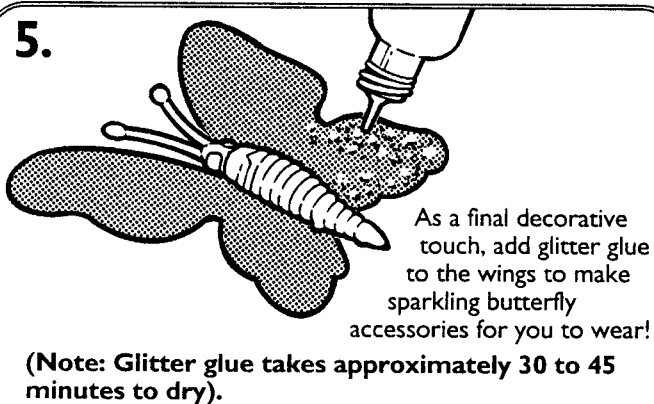

(Note: To remove the bottom piece of the butterfly after assembly, simply twist piece and pull as shown in inset.)

4.

Place your completed butterflies onto the accessory pieces (barrettes, clips, bracelets).

5.

As a final decorative touch, add glitter glue to the wings to make sparkling butterfly accessories for you to wear!

(Note: Glitter glue takes approximately 30 to 45 minutes to dry).

More Creative Ideas:

- You may also make multi-colored butterflies by placing up to 4 different sets of wings onto the pin as directed in Step 2 above.
- The clips may be worn on your shirt collar or clipped onto your Fantastic Flowers (not included in this set).
