

# Fantastic Flowers®

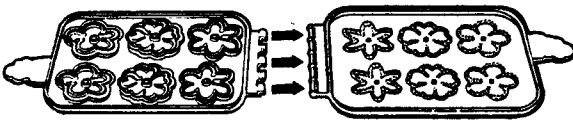

TINY FLOWERS DESIGN SET

## Instructions

Tiny Flowers Design Set is intended for use with Fantastic Flowers® Flower Making Set. This set includes a flower design plate, 8 stems, 8 plugs, colored paper, foil paper, 1 bracelet, 1 barrette, 1 clasp (2 pieces) and 1 pair of earrings.

**PLEASE NOTE:** To remove parts from runner frame, simply twist off. After removing parts, use safety scissors to trim all excess plastic.

### Re-assembling the Design Plate:

The flower design plate comes assembled in this set. If the 2 halves should ever come apart, simply snap hinges back together as shown.

### How to Make Tiny Flowers and Accessories:

**1.**

Place a piece of paper in the design plate and run it through the flower press (sold separately), as directed in the Fantastic Flowers Flower Making Set. Remove the paper from the plate, and separate the flower petals along the perforations.

**2.** To make a beautiful bouquet, use the plugs to attach the flower petals to the stems as shown. Use several sets of petals on each flower. You can use one color of paper or mix colors for different looks!

**3.**

Place the flower petals onto the accessory pieces (earrings, barrette and bracelet) as shown to make pretty, colorful jewelry to wear!

### How to Make a Necklace with Tiny Flowers:

**4.** The two-piece clasp can be used with a shoelace or a piece of yarn (not included) to make a necklace. Take the first clasp piece and thread the **narrow end** through the end of the lace or string, leaving the wide end facing outward as shown.

Tie a small knot on the end of the lace or string, so that the clasp cannot be pulled off.

**5.** Then thread as many flower petals as you wish through the other end as shown, to make a pretty, colorful necklace.

**6.**

Take the second clasp piece and repeat step 4 to attach and secure it to the lace or string. If you've used a shoe lace, use safety scissors to cut the plastic tabs off the ends of the lace. The clasps should now fit together as shown.

You now have a Tiny Flower necklace to wear!
