GREETINGS™

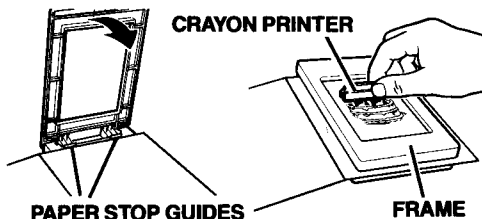

2513

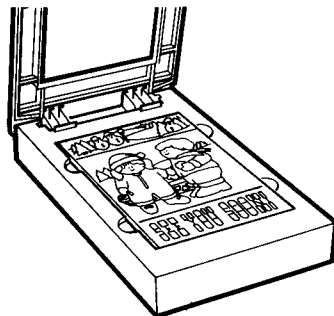

Ages: 4 & Up

- 1 Choose a design for the outside of the card from among the 12 plates. You can use a greeting or a picture, or both.  
Snap crayon securely into crayon holder (inset).

- PAPER STOP GUIDES** **CRAYON PRINTER** **FRAME**
- 2 Place a sheet of paper under the frame firmly against paper stop guides, with the right section of the paper over the plates as shown. Rub the crayon printer softly across the paper in a circular motion.  
**FOR THE BEST PICTURES, HOLD FRAME DOWN AND KEEP THE CRAYON LEVEL.** Clean the frame every so often and straighten the crayon printer by rubbing it over a flat piece of paper.

- 3 Choose a design for the inside of the card from among the 12 plates.  
4 Turn the paper over, and follow the directions in Step 2.

- 5 Place the card on a flat surface to color in the designs. Fold the paper in half to make a greeting card.

6 Be creative – combine plates to create all kinds of cards! You can use greetings on the outside and inside, or use only pictures, or combine greetings and pictures. For a different look, leave the inside blank, and write your own personal greeting. Send them to your family and friends for birthdays, holidays and more!
