WHEEL INSTALLATION

VENT ASSEMBLY

TRACK TREAD ASSEMBLY

TRACK INSTALLATION

BODY ASSEMBLY

JET PACK INSTALLATION

- 1 Snap wheels (2) onto body rear. (ILL. 1)
- 2 Insert rear tab on left vent, marked "L", into left engine opening as shown. Snap front tab into place as shown. Repeat for right vent, marked "R". (ILL. 2)
- 3 Place wheels over posts on left track tread half. Snap right track tread half, marked "R", over left track tread half trapping wheels. (ILL. 3)
- 4 Snap track tread assembly onto body front as shown. (ILL. 4)
- 5 Snap body front onto body rear. (ILL. 5)
- 6 Snap jet pack onto rear of gun cockpit. (ILL. 6)

GUN COCKPIT INSTALLATION/ACTIVATION

MISSILE INSTALLATION

GUN INSTALLATION

SEAT CLIP/FIGURE INSTALLATION

- 7** Fit gun cockpit over posts on body rear. To elevate gun cockpit, fold in track tread and pivot body downwards as shown. (INSET) To use the cockpit as a gun pod, detach cockpit from body rear. NOTE: Make sure jet pack on gun cockpit is positioned down before installing gun cockpit into body rear. (ILL. 7)
- 8** Fit missiles over tabs on right and left vents. (ILL. 8)
- 9** Fit guns onto bar on gun cockpit. The guns are also detachable and can be held by the Overlord figure. (ILL. 9)
- 10** Fit seat clip into gun cockpit as shown. Place Overlord figure into cockpit. (ILL. 10)

Peel and apply labels as shown.
