PLUNGER ASSEMBLY

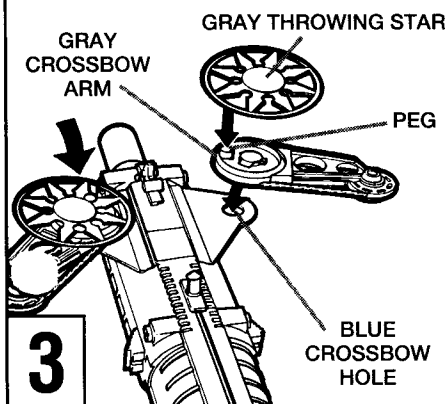

1

CROSSBOW ASSEMBLY

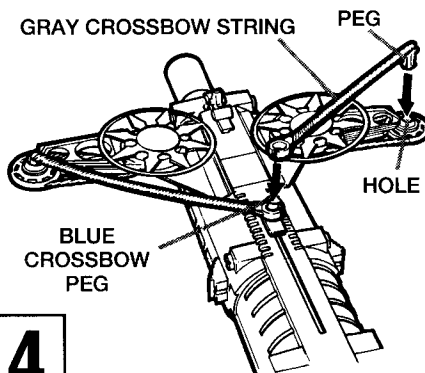

2

CROSSBOW ARMS ASSEMBLY

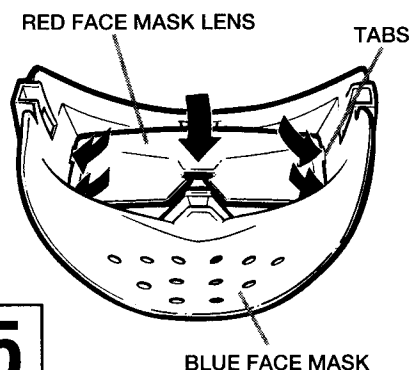

3

CROSSBOW STRINGS ASSEMBLY

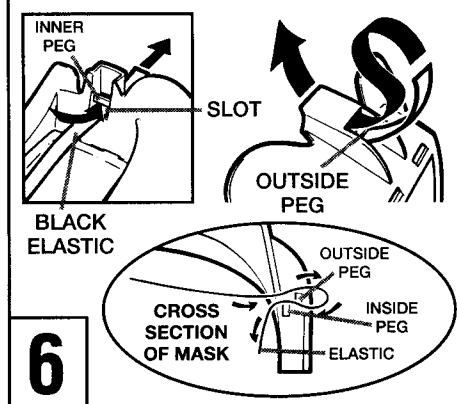

4

FACE MASK ASSEMBLY

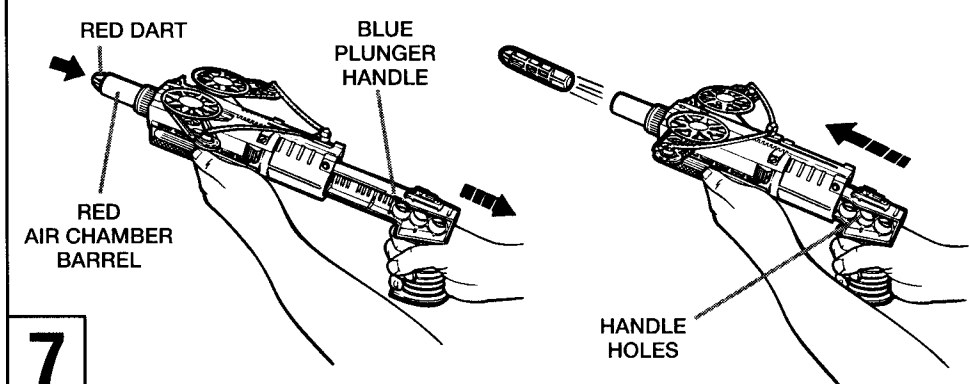

5

ELASTIC/HOOD ASSEMBLY

6

FIRING PROCESS

7

1. Fit black rubber ring onto end of blue plunger as shown. Insert plunger end with rubber ring into red air chamber. NOTE: Slide and rotate plunger in and out of air chamber so that lubricant inside chamber properly lubricates the rubber ring. (ILL. 1)
2. Place blue plunger with red air chamber into the left, blue crossbow half. Place the right, blue crossbow half over the plunger and air chamber aligning the tabs and holes with the left crossbow half. Snap the two halves together. (ILL. 2)
3. Snap tabs on the left, gray crossbow arm (marked "L") down into hole on the top, left side of blue crossbow. Repeat with right crossbow arm (marked "R"). Gray throwing stars are stored on crossbow arm pegs as shown. (ILL. 3)
4. Snap peg at end of gray crossbow string into hole at end of left, gray crossbow arm. Snap other end of crossbow string onto peg on top of blue crossbow. Repeat with other crossbow string on the right side. (ILL. 4)
5. Slide tabs on right side of red face mask lens into slots inside right side of blue face mask. Snap tabs on left side of lens into slots inside left side of mask. Push in on center of lens until the top and bottom snap into mask. (ILL. 5)
6. Fit one end of black elastic through the inside slot of blue face mask as shown. Loop end around the outside peg and bring it back through mask to the inside of the inner peg as shown. Repeat for other end of elastic on other side of mask. Adjust strap by pulling on ends of elastic. Fit hood over head followed by mask with elastic. (ILL. 6)
7. Pull back the handle of the blue plunger. Insert the red dart, flat end first, into the red air chamber barrel. With one hand supporting the plunger and the other hand on the plunger handle, thrust the plunger handle forward to fire dart. Darts can be stored in holes in handle. (ILL. 7) Caution: Do Not Aim Darts At Eyes Or Face.

1) AUTHENTICALLY STYLED NINJA "CLOAKING" HOOD 2) ADJUSTABLE NINJA MASK WITH IMAGE TARGETING LENS 3) AUTHENTICALLY STYLED COMMANDO KNIFE 4) SNAKE-EYES' NINJA CROSSBOW WITH 3 RAPID-FIRE DARTS 5) RAZOR-FORGED KATANA SWORD 6) NINJA THROWING STARS 7) DURO-LAST CROSSBOW STRINGS 8) RAPID-RELEASE CROSSBOW ARMS
