MIDNIGHT DROP ARMY PARATROOPER™

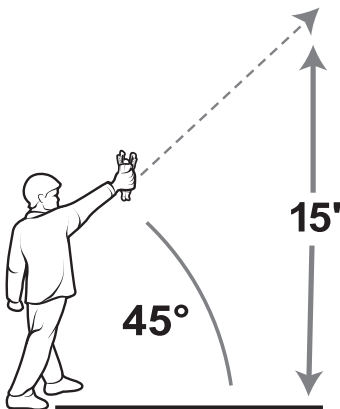

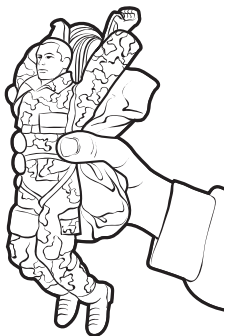

How to Use Parachute:

- 1.** Allow figure to rotate to untwist strings.

- 2.** Starting at one end, gather each section of parachute together, one section at a time. Fold gathered parachute in half.

- 3.** Hold parachute against figure's back with strings facing up. Bend figure's knees and raise figure's arms above his head. Throw at approximately a 45° angle to the ground to a height of 15'.
