TM

Where can you find the creepiest collection of Goosebumps characters and their accessories? It's in the bag! Fresh from the pages of R.L. Stine's best-selling books comes this eerie assortment of monsters that you assemble. But BEWARE! The parts are lurking somewhere within the ooze...so be ready for a real scary time! For more terror-ific fun, look for other great Goosebumps toys!

Includes cutting tool, bag filled with water-absorbent granules, 6 character parts and 3 accessories.

Before beginning, cover the play area with an old newspaper or paper towels; also keep some paper towels handy for cleanup.

1. Place Monster Bag in a container of water and let it soak (and expand) for five minutes. Be sure bag is fully submerged.

2. Remove bag from container and use the cutting tool to open it as shown.

3. Remove character parts from the ooze and rinse them off. Use them to assemble a creepy Goosebumps monster like the example shown. Accessories are also included to add to the frightful fun! After play, discard bag and ooze, but be careful not to accidentally discard any parts or accessories!
