Electronic Talking Basketball Game

PLEASE KEEP THESE INSTRUCTIONS FOR FUTURE REFERENCE

ASSEMBLY What's needed? 3 "AA" batteries and Phillips® screwdriver (not included).

DOOR HOOK

STRAP

1. Attach strap to door hook as shown.

Attach activation lever to scoring mechanism by inserting it at an angle, first one side, then the other as shown. Be sure tabs on activation lever snap into holes in mechanism.

SCORING MECHANISM

ACTIVATION LEVER

BACKBOARD

HOOP

3. Attach basketball hoop to backboard by inserting the 2 pegs at the back of the hoop into the holes in the backboard.

TO PLAY:

1. Place assembled backboard on any door in house as shown.
2. Adjust backboard to desired height depending on level of child's skill.
3. Turn switch ON.
4. Set scorer to 0. Note: scorer will advance with each completed basket.
5. Shoot a basket. If the ball goes into the basket, Barney says either "Super-dee-duper" or "Stu-u-u-pondous".
6. When finished playing, turn unit OFF.

To insert batteries:

1. Loosen screw on battery compartment behind backboard, then slide it out and remove cover.
2. Insert 3 "AA" batteries into the battery box. Replace cover. Retighten screw.

CAUTION: TO AVOID BATTERY LEAKAGE

1. Be sure to insert the batteries correctly and always follow the toy and battery manufacturers' instructions.
2. Never mix old batteries and new batteries, or standard (carbon-zinc) with alkaline batteries.
3. Always remove exhausted or dead batteries from the product.
4. Remove batteries if product is stored for a long period of time.
