

Bubble Whistle™

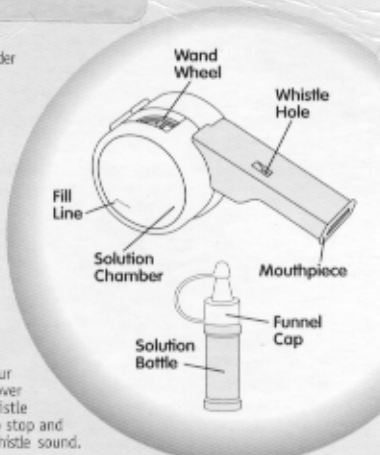

FILL IT

Remove foil seal under Funnel Cap on Solution Bottle. Pour bubble solution into Solution Chamber up to Fill Line.

BLOW IT

Blow through Mouthpiece to make bubbles. Do not inhale. Slide your finger over the Whistle Hole to stop and start whistle sound.

CLEAN IT

When done, pour remaining solution back into Solution Bottle and rinse under warm running water. Replace Funnel Cap to prevent spills.

THE MORE YOU BLOW, THE MORE BUBBLES YOU GET!
