- 3) To emit a single laser burst, press and release the main trigger once
- 4) To emit a rapid continuous burst, press and hold the main trigger.
- 5) For STEALTH, press the MUTE button to silence the status beeping sounds.

STEP 3: RULES FOR TWO PERSON AND TEAM PLAY

- 1) The object of the game is to tag out your opponents before you are tagged out. The last person not tagged out is the winner!
- 2) All players must turn their Lazer Tag™ unit on to begin the game. Players should not turn their unit off and on during the game.
- 3) Players cannot shield the dome of the laser sensor with their hand, clothing or any other object.
- 4) When a player has received 10 tags the player is out and cannot continue with the game.

STEP 4: SCORING

- 1) Each time the Target detects a TAG, the dome light will flash and the available tags will be reduced by 1.

*****NOTE:** Once a player has been tagged 10 times, the unit will not function until it is turned off and then on again. If the player does not turn the unit off, it will beep periodically until it is turned off.

STEP 5: SPECIAL FEATURES

MUTE BUTTON: The **MUTE BUTTON** may be used for **STEALTH** attacks.

To activate the **MUTE BUTTON**, press the switch. Now the Status Beeping is silenced and a player may proceed with **STEALTH** attacks.

STEP 6: GAMES FOR TWO PERSONS

With two players, you are ready to play Lazer Tag™! The most simple version of Lazer Tag™ is to try to tag your opponent 10 times before he gets you.

Aim your Assault Pistol at your opponent's Chest Target. If your aim is good and the laser burst connects with the sensor on the laser target you'll tag your opponent!

TEAM PLAY:

Lazer Tag™ is really fun for teams! The possibilities for team play are endless! You are limited only by your imagination.

FREE FOR ALL - The object of the game is to "tag out" all the players on the opposite team before they tag your players out. There are no physical boundaries to the game and no time limit.

THE BOX - Similar to Free For All, the object of the game is to "tag out" all opposing players before they tag your team out. Since The Box is played within boundaries, it's up to you to set them, perhaps a playing field or an area in your backyard. It's a fast paced game given that there's nowhere to hide.

TIME OUT - The object of this game is to score as many points as possible during a set amount of time. Each tag that an opponent receives counts for one point. The Lazer target will only count to 10 points, so that is the most points that any player can have scored against him. Play for 15 minutes and see how many points you and your teammates can score!
