

Supper Time Guppies

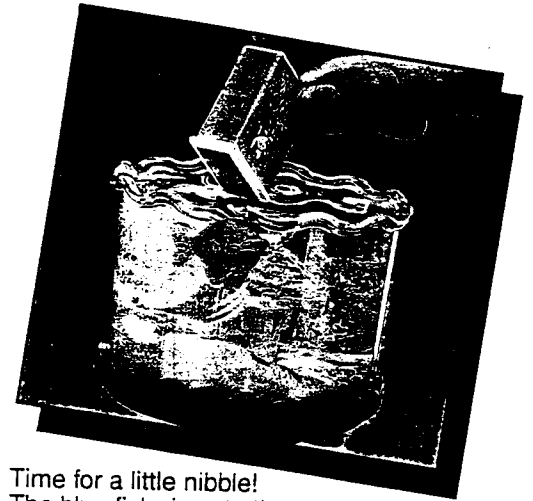

Who's hungry? It's the LITTLEST PET SHOP® Sparkling Pets! When dinnertime comes around, you can help them with their favorite foods and water so they'll be happy and healthy. They're all such good eaters—you'll be so proud of them!

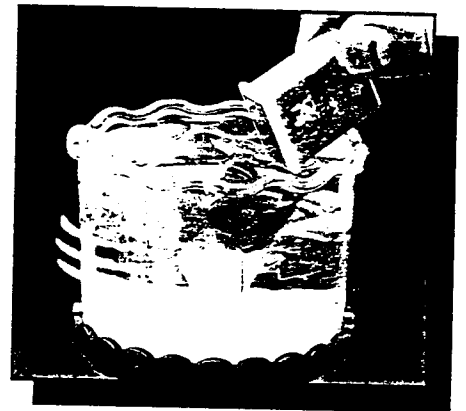

1. Disassemble tank.

2. Attach fish. (Blue fish fits only in notched hole.) Reassemble tank and fill with water.

Time for a little nibble!
The blue fish rises to the surface when you hold her food box over her head, while her friends look on.

Little blue fish likes her dinner so much she follows the food box when you move it around the inside of the fish bowl. She swims for her supper!

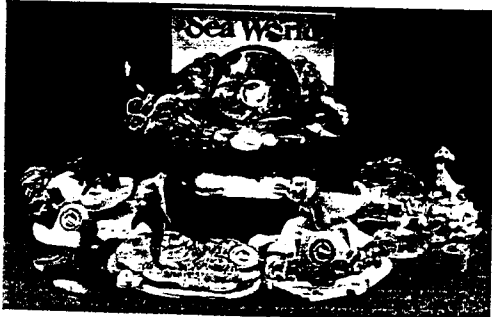

COLLECT THEM ALL!
