

# Original Memory®

BRAND

For 1 or More Players/AGES 3 TO 6

## CONTENTS

72 Vintage picture cards (36 pairs) • Storage tray

## OBJECT

Find the most pairs of matching picture cards.

## GAME SETUP

1. Carefully punch the 72 cards out of the card-board sheet.
2. Mix and spread the cards picture-side-down on a flat surface.
3. Form 9 rows of cards across and 8 rows down, using all 72 cards (36 pairs). Or for beginners, divide the cards in half (18 pairs), and form 6 rows across and 6 rows down.

## GAMEPLAY

1. Youngest player goes first. Players take turns, to the left, turning any two cards picture-side-up. The cards must be turned over completely, so that all players can see them.

### A Match:

A player makes a match if the two cards turned picture-side-up are identical. When a match is made, the player takes both cards and places them in front of him or her. That player then takes another turn, and continues taking turns until he or she misses.

### A Miss:

A player misses if the two cards turned over are not identical. When a player misses, he or she turns the

two cards picture-side-down again, in the same place. That player's turn ends—and all players try to remember which cards were turned over, for future matches.

2. The game continues until all cards have been matched and removed from the playing area. All players then count up their matching pairs.

## WHO WINS

The player who has the most pairs of matching cards wins.

## SOLO PLAY

This is excellent practice for developing concentration and memory skills. Just set up the game as described above, using any number of pairs, and count the number of turns it takes you to match them all. Try to improve with each game you play.
