

Monkey Mania™ game

It's a fast and furious fruit fight where four hungry monkeys try to gobble up all the bananas they shake out of the banana tree!

Everybody, grab a monkey tail-handle, then press it up and down and watch what happens: The banana tree wobbles, the feeding tray wiggles and the bananas start to jiggle out of the treetop and down onto the tray. Your monkey's mouth opens up wide, wide, wide to swallow all the little fruits that roll its way. The monkey who has the most bananas when the banana tree is bare wins.

The MONKEY MANIA™ game...it's a whole bunch of fun!

How to Play the MONKEY MANIA Game:

- 1 Locate the slender tubular monkey "arms" and attach them to each monkey, one end at the shoulder, the other end at the hand. Now place the game base on a level surface, and "plant" the banana tree in the middle. Fill the treetop with all the bananas. (See photo.)
- 2 Each player picks a monkey color, then at the count of 1-2-3 — say "Monkey, Monkey, Monkey" — everybody starts pressing their monkey's tail to make it gobble up bananas that fall from the tree.
- 3 When the tree is bare and all the bananas have been gobbled, count the bananas in your monkey's scoring cup. The player with the most bananas wins. If there's a tie, play again.
