# Pyramid Battle Station

## MICRO PLAYSET

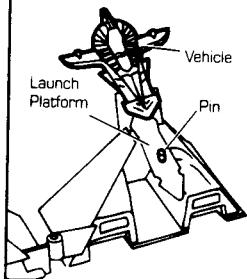

- 1** Snap **Sphinx leg** onto the base.

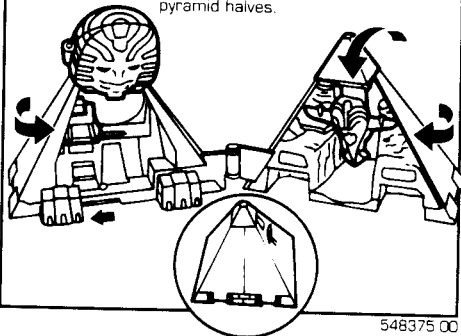

- 2** Slide in other **sphinx leg**. Attach **sphinx head**.

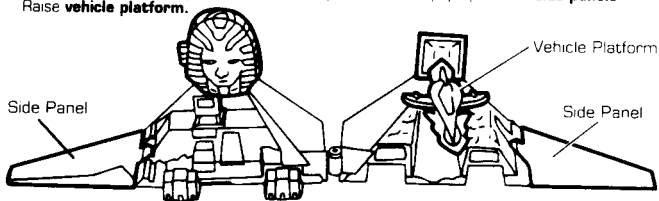

- 3** Attach **Sky-cophagus™ vehicle** to the **pin** on **launch platform**.

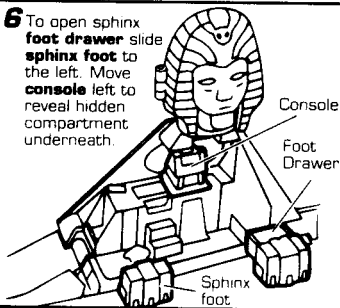

- 4** To close playset rotate vehicle down. Slide sphinx foot to the left. Hold sphinx head down and close pyramid halves.

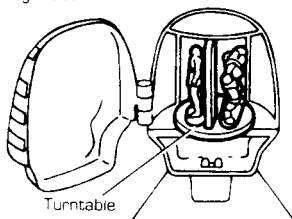

- 5** To open playset, open pyramid halves. The sphinx head will pop up. Lower **side panels**. Raise **vehicle platform**.

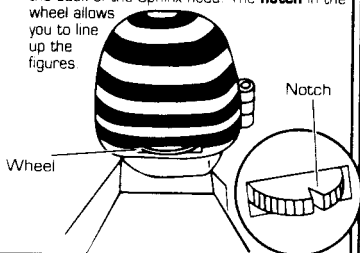

- 6** To open sphinx **foot drawer** slide **sphinx foot** to the left. Move **console** left to reveal hidden compartment underneath.

- 7** Open the sphinx head to reveal the **transition chamber**. Place figures on either side of the **turntable**. The larger figure fits on the larger side.

- 8** Transform the figures by turning the **wheel** on the back of the Sphinx head. The **notch** in the wheel allows you to line up the figures.

- 9** Sphinx head can be removed and carried with you.

- 10** When you are finished playing with your playset, close up as in step #4 and store the accessories inside.
