& UP

TODDLER

TO ASSEMBLE WHEELS:

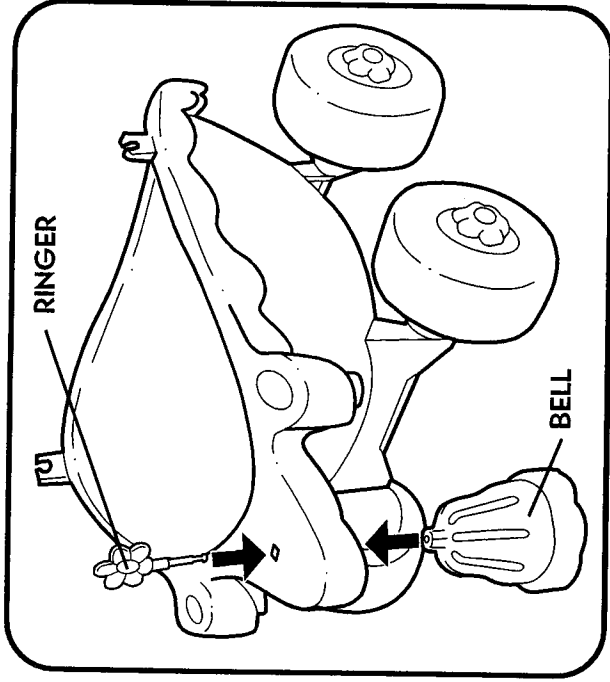

1. Push a hub onto one end of axle.
2. Slide wheel onto axle, with indentation in wheel facing hub.
3. Slide axle through holes in body.
4. Slide wheel onto other end of axle, with indentation in wheel facing end of axle.
5. Push hub onto axle.

6. Support one of the hubs on a flat surface, and gently tap the other hub with a hammer, to make sure axles are completely inserted into hubs.
7. Repeat to attach remaining 2 hubs, 2 wheels and axle to body.

TO ASSEMBLE BELL:

- Be careful when attaching bell because once it's assembled, it cannot be taken apart.

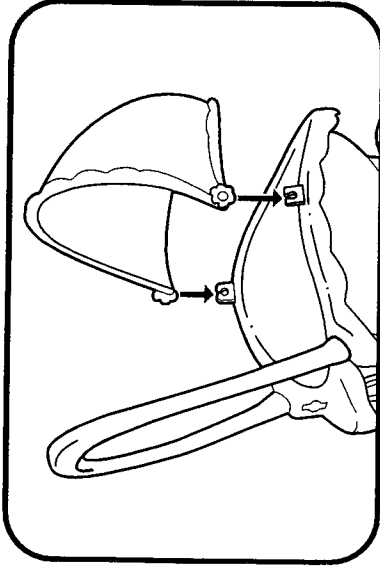

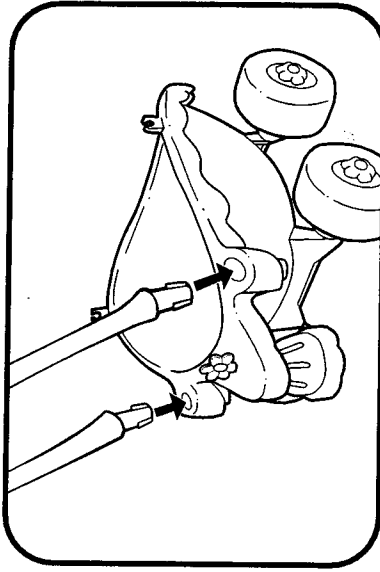

1. Insert end of ringer down through hole in body.
2. Snap bell onto ringer.

TO ATTACH HANDLE:

Make sure handle is in correct position before attaching it (see illustration).

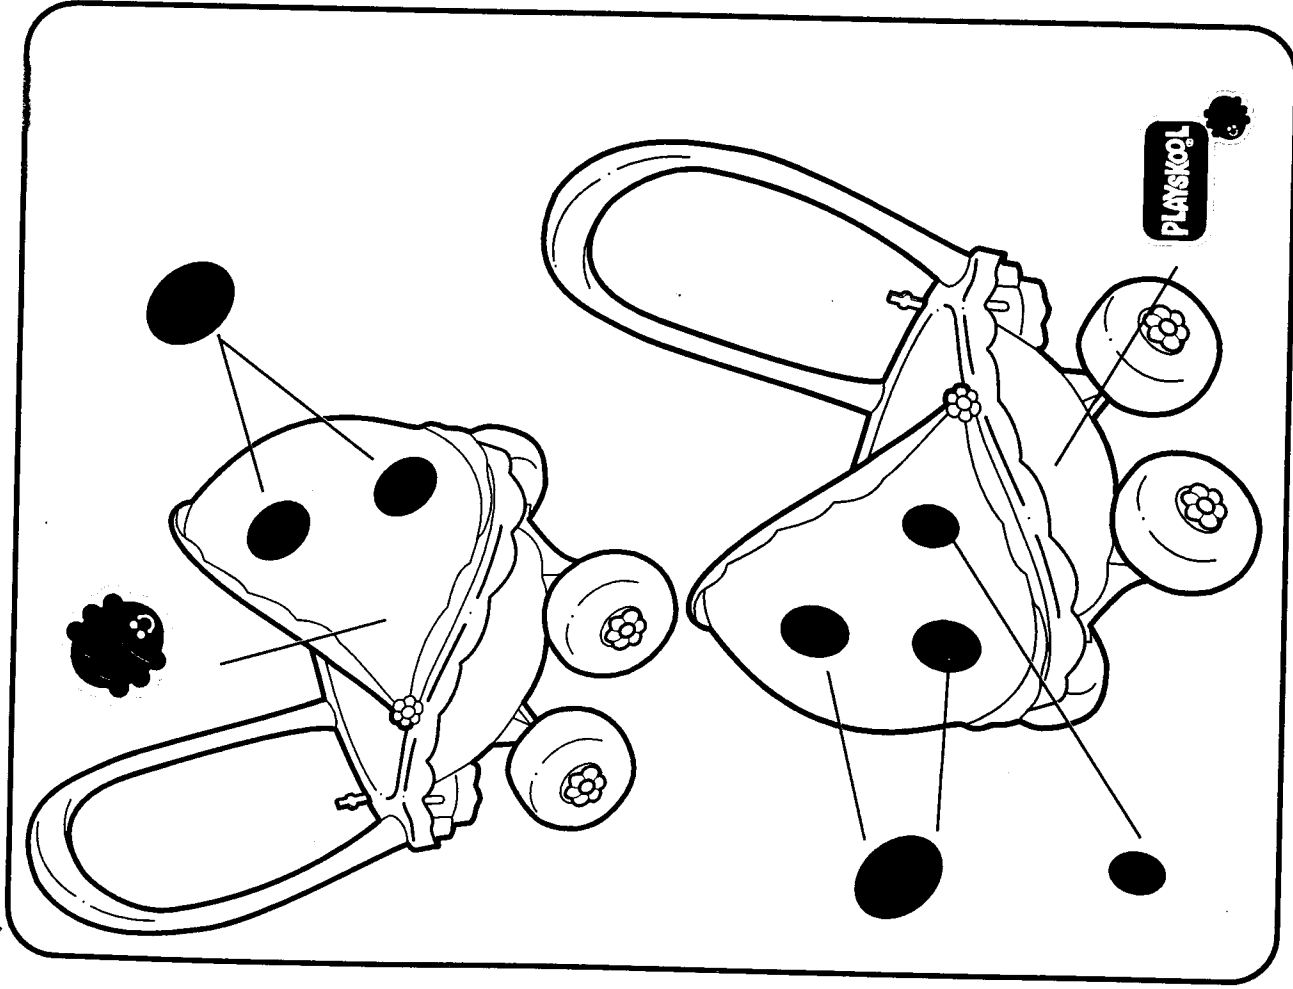

Push and wiggle ends of handle through holes in body until they snap into place.

TO ATTACH CANOPY:
Snap canopy onto lugs on body.

TO APPLY LABELS:

Peel and apply labels as shown.
