

# My Baby's Splish Splash Bubble Bath™

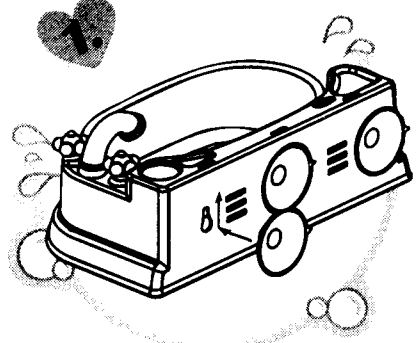

**WARNING:  
READ FIRST!**

- Never put Bathtub Unit under water!
- Never open battery case in the bathtub!
- Never allow child to stand, sit or support themselves on the Bathtub Unit!

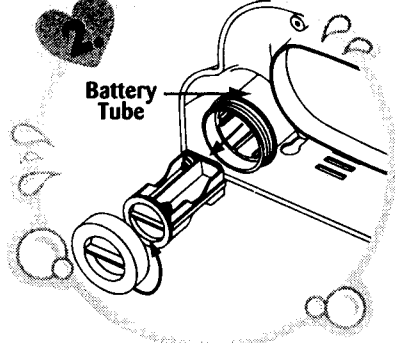

**Important:** Do not mix old and new batteries. Do not mix alkaline, standard (carbon zinc), or rechargeable (nickel-cadmium) batteries.

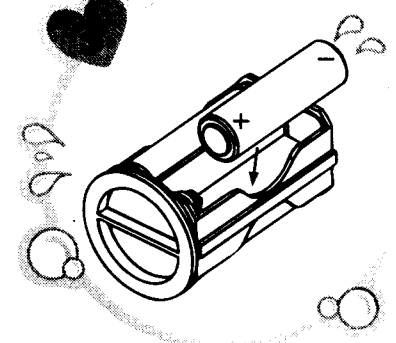

Wash baby with warm water, and 'magic dirt' disappears. Magic dirt will reappear when wiped with cold water.

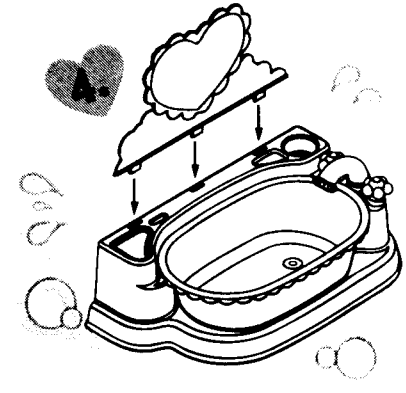

Push Suction Cup into slots on back of Vanity as shown. Then, pull Suction Cups up into notched area to lock them.

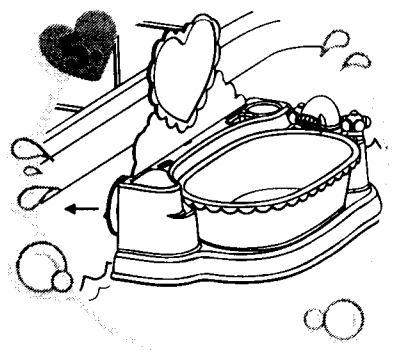

Flip Vanity upside down and unscrew top to Battery Tube. Take out Battery Holder as shown.

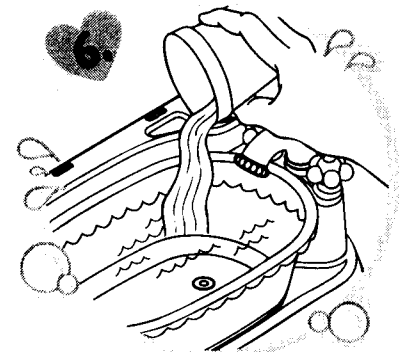

Insert 4AA alkaline batteries into Battery Holder as shown. Return Battery Holder back into Vanity. Tightly twist top back onto Battery Tube.

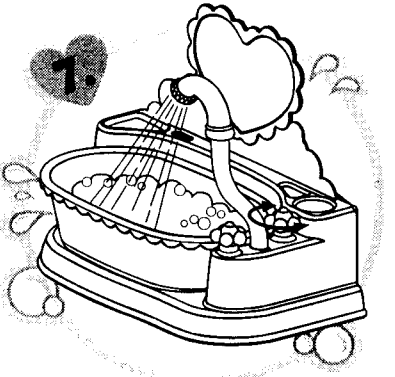

Slide Mirror Vanity into slots in Vanity as shown.

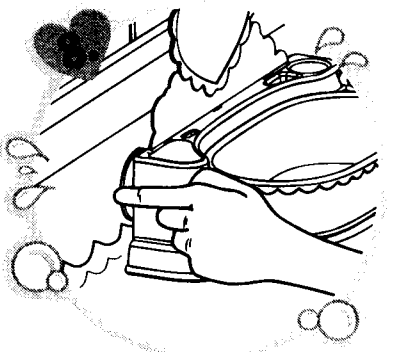

Secure Vanity to side of your bathtub. Make sure Bathtub Unit is above water line.

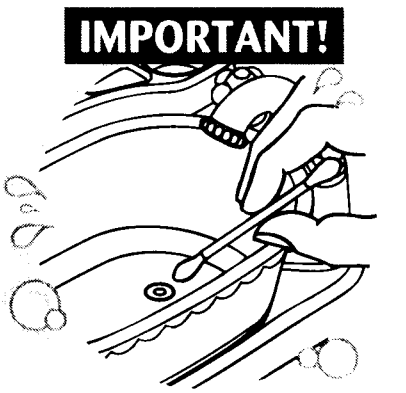

Fill Bathtub as shown.

Pour a small amount of bubble bath liquid into Bathtub. Pull Faucet out of Vanity. Turn inside Knob for water to spray out of Faucet. This makes a bunch of bubbles!

When you are done playing, remove Bathtub Unit by lifting Suction Cup Tabs off of bathtub. Pour water out of Bathtub to empty.

**IMPORTANT!**

In order to keep the Bathtub working properly, use a damp, cotton swab to clear out Filter at bottom of Bathtub.
