

Playset

CONTENTS: 6 double-sided cookie cutters (Kimberly, Jason, Billy, Zack and Azard), full color playmat and 5 ounce cans of PLAY-DOH® Brand Modeling Compound (Net Weight, 10 oz.)

NOTE: Some colors may not be available in all areas. Molded results may vary depending on child's age and level of skill.

BASIC PLAY:

Use the playmat as a play area. Choose a cookie cutter mold and fill with compound, carefully pressing up into each part of the mold. Each cutter has the character as a student on one side, and transformed into a Power Ranger™ on the other side!

Remove excess. Use a ball of compound as shown to remove the molded shape.

ADVANCED PLAY:

Fill the molds with different compound colors as shown to create details in face and clothing. You may also get the same result by adding colors to an already completed figure. Arrange the characters you make on the colorful playmat to create your own scenes and adventures!

CLEAN-UP:

DO NOT USE HOT WATER OR CLEANING SOLUTIONS to clean PLAY-DOH® Brand Modeling Compound from carpets or fabrics. For best results, remove excess and allow compound to dry. Loosen compound with stiff brush and vacuum clean. If necessary, wash with gentle soap. COLD water and brush. Repeat if necessary.

NONTOXIC CONFORMS TO ASTM D-4236-89
