

Twist'n Swirl™ Roller

CONTENTS: Rolling Machine, plunger, double-sided cookie cutter and 2 six-ounce cans (Net Weight, 12 oz.) of PLAY-DOH® modeling compound.

Photo shows items made with some colors not available in this set.

INSTRUCTIONS:

Take 2 colors of PLAY-DOH® modeling compound and mix them together. Place into top of roller machine as shown.

Use the plunger to press the compound into the rollers. Turn the handle and roll the compound through to create a flat sheet of compound with a colorful, swirly pattern!

Press either side (circle or star) of the cookie cutter into the flat sheet and create your own designs!

Mix lots of different colors to make even wilder, multi-colored swirls!

ADVANCED PLAY:

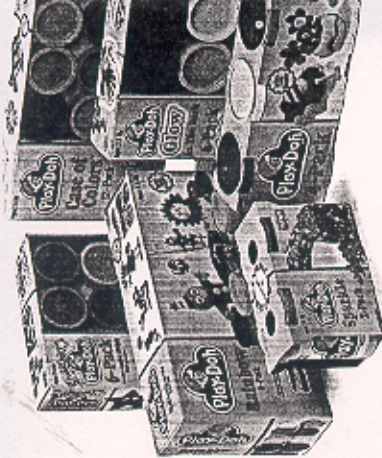

Before running the compound through the roller, braid colors together as shown to create patterned designs.

CLEAN-UP:

DO NOT USE HOT WATER OR CLEANING SOLUTIONS to clean PLAY-DOH® modeling compound from carpets or fabrics. For best results, remove excess and allow compound to dry. Loosen compound with stiff brush and vacuum clean. If necessary, wash with gentle soap, COLD water and brush. Repeat if necessary.
