

RETURN OF THE JEDI™

STAR WARS®

The Empire prepares to crush the Rebellion with a second, more powerful Death Star. As the Rebel fleet mounts a massive attack on the dreaded space station, Luke Skywalker confronts his father, Darth Vader, in a climactic duel before the evil Emperor. In the last second, Vader makes a momentous choice: he destroys the Emperor and saves his son. The Empire is finally defeated, the evil Sith are destroyed, and Anakin Skywalker is redeemed. At long last, freedom is restored to the galaxy.

Ephant Mon™ 02/45

Formerly a gunrunner, Ephant Mon is a cunning and ruthless adversary. A Chevin from Vinsoth, he was saved by Jabba the Hutt and pledged his loyalty to the crime lord, eventually becoming Jabba's head of security. Heeding a warning from Luke Skywalker, he was one of the few to survive the destruction of Jabba's sailbarge at the Pit of Carkoon.

Vibroblade can be placed in the "secret" holder on Ephant Mon.
