

STICKERIZER

AGES 5+
60020

Design Book with Instructions

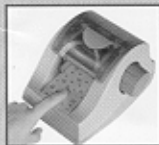

Discover a world of exciting craft projects with this ready-to-use, mess-free sticker maker! Children will love to design and create their own stickers out of countless materials including paper, photos, fabric and more!

! CAUTION: STICKERIZER
tear bar has a functional sharp edge.

Your STICKERIZER machine works in 3 easy steps!

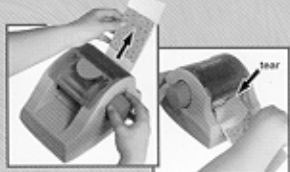

1. Arrange item on the feed tray.

2. Guide the item forward as you turn the knob clockwise.

3. When the item comes out the back, pull up and tear to cut and remove it.

Adhesive Cartridge:
Ready to use. Replace with refills

Latch: Opens top of machine

Cartridge Handle:
Makes loading and unloading the cartridge easy

Tear Bar: Cuts the paper liner

Feed Tray:
Where items are fed into the machine

Knob: Turn clockwise to advance items through the machine

Output Tray:
Where items leave the machine

Change the cartridge in 4 easy steps!

1. Lift the latch to open the top of machine and access the cartridge compartment.

2. Grasp the cartridge handle and gently pull the cartridge up to remove it from the machine. (Cartridges do not have to be fully used up to load or unload.)

3. Place your hand on the cartridge handle and guide the cartridge into the machine using the tracks on the sides of the machine.

4. Close the lid by pressing down on the latch until it clicks into position.

For Best Results

- Turn the knob slowly when feeding items through the machine.
- To fully utilize cartridge material, place several smaller items on the feed tray at once. (Do not overlap items.)
- Items greater than 1/16 of an inch thick should not be used.

Thank you for buying this Hasbro® product!

Create a Unique Picture Frame!

You will need:

- picture frame (included)
- design sheets (included)
- photo
- scissors
- glue

1. Select a favorite photo and glue it to a picture frame.

2. Cut out images from the design sheets and feed them through the STICKERIZER machine. Use them to decorate the picture frame.

3. Glue a folded piece of cardboard to the back to make a stand.

You can also tape a length of string to hang your picture, or glue a magnet on back to display it on the refrigerator!

Other items you can use from home:

- markers
- colored paper
- magazine clippings
- pipe cleaners

Make a Pet Bookmark!

You will need:

- design sheets (included)
- bookmark (included)
- pencil
- scissors
- glue

1. Place a bookmark on the backside of a design sheet, then trace and cut. Turn over the bookmark, then use a second

design sheet to trace and cut again.

2. Feed the cutouts through the STICKERIZER machine and adhere to both sides of the bookmark.

Other items you can use from home:

- gems/jewels
- markers (draw whiskers on the Kitty bookmark)
- ribbon

Design Totally Cool Tags!

You will need:

- ornament and gift tags (included)
- design sheets (included)
- pencil
- scissors
- hole punch
- string or ribbon

1. Place an ornament or gift tag on the backside of a design sheet, then trace and cut. Turn over the tag, then use a second design sheet to trace and cut again.

2. Feed the cutouts through the STICKERIZER machine and adhere them to both sides of the tag.

3. Punch a hole in one end of your tag, thread string or ribbon through the hole and tie.

Other items you can use from home:

- marker (to write messages)
- chain (to create a key chain)

Create a Fancy Bracelet!

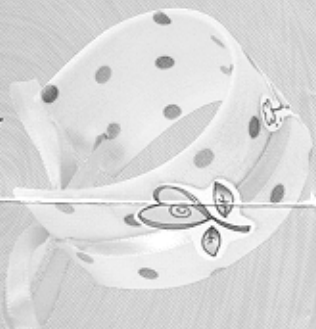

You will need:

- design sheets (included)
- paper towel roll
- scissors
- hole punch
- twine or ribbon

1. Cut a 2-inch ring from a paper towel roll. Cut the ring open to make a bracelet.

2. Cut out images from the design sheets and feed them through the STICKERIZER machine. Use them to decorate the bracelet.

3. Punch holes on both ends of the bracelet, thread twine or ribbon through the holes, then tie the bracelet to your wrist.

Other items you can use from home:

- colored paper
- fabric pieces
- gems
- marker

Add Excitement to Your Diary!

You will need:

- design sheets (included)
- diary

Cut out images from the design sheets and feed them through the STICKERIZER machine. Use them to decorate your diary.

Other items you can use from home:

- fabric pieces
- colored paper
- pipe cleaners
- ribbon
- shoestrings

Don't forget to decorate the pages, too! For example, draw and cut out a sun, feed it through the STICKERIZER machine and place it on a page with the date of a sunny day.

Decorate Your Treasure Box!

You will need:

- design sheets (included)
- treasure box
- scissors

Other items you can use from home:

- colored paper
- fabric pieces

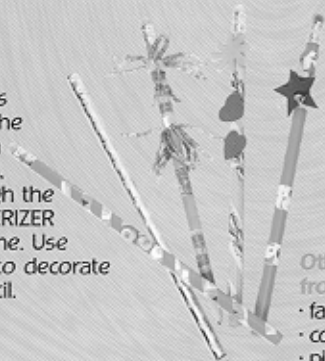

Cut out images from the design sheets and feed them through the STICKERIZER machine. Use them to decorate your treasure box.

Personalize Your Pencil!

You will need:

- design sheets (included)
- pencil
- scissors

Feed images from the design sheets, through the STICKERIZER machine. Use them to decorate a pencil.

Other items you can use from home:

- fabric pieces
- colored paper
- pipe cleaners
