## 7 GAME SUMMARY

After you have selected your champion for the tournament, the tournament begins! Your fighter will travel the globe to meet the other challengers. You must use your punches, kicks, and special moves to knock your opponent flat on his back!

There is an on-screen timer to help you keep track of the time. The timer counts down from 99 to 0 in each bout. When the timer reaches 0, the bout is complete. Both you and your opponent each have an energy meter. Each time you hit your opponent, his energy meter will decrease. Each time he hits you, your energy meter will decrease!

When your opponent's energy meter drops down to empty, he will be down for the count! Of course, you'll be down for the count, when your energy level drops to empty! When the timer reaches zero and if neither you or your opponent's energy meter has dropped down to empty, the one who has less energy will go down for the count! If both you and your opponent have the same energy when the timer reaches zero, the bout ends in a draw!

Win two out of three bouts and you will be declared the winner of the round. This earns you the right to face the next challenger in the next round. You will also win the round if all three bouts end in a draw. If you win one bout, lose one bout, and one bout ends in a draw, you also win the round and advance!

Each character has developed his own special moves for use in battle. Special moves are very powerful, but they are also very difficult to learn!

SELECT EITHER GAME A OR GAME B. THEN SELECT A FIGHTER. YOUR FIGHTER STAYS THE SAME THROUGHOUT THE GAME. IN GAME A, FIGHT AS RYU, GUILF, OR KEN. IN GAME B, FIGHT AS BLANKA, ZANGIEF, OR EDMOND HONDA. YOU MUST WIN TWO OUT OF THREE BOUTS AGAINST AN OPPONENT TO WIN A ROUND. WIN ALL 3 ROUNDS TO WIN THE GAME.

KEEP TRACK OF YOUR ENERGY LEVEL—AS WELL AS THE ENERGY LEVEL OF YOUR OPPONENT! THERE IS ALSO A BUILT-IN TIMER THAT COUNTS DOWN FROM 99 TO 0 IN EVERY BOUT!

YOU LOSE YOUR ENERGY WHEN YOU ARE HIT BY YOUR OPPONENT. WHEN YOUR ENERGY LEVEL DROPS DOWN TO EMPTY, YOU WILL LOSE THE BOUT!

YOUR OPPONENT LOSES ENERGY WHEN YOU HIT HIM! WHEN HIS ENERGY LEVEL DROPS DOWN TO EMPTY, YOU WIN THE BOUT!

THE COMPUTER CONTROLS YOUR OPPONENTS! YOU FACE THREE DIFFERENT FIGHTERS IN EACH GAME.

USE ALL YOUR POWER—including SPECIAL MOVES—to BEAT YOUR OPPONENTS!

CAN YOU SURVIVE? CAN ANYONE? WHEN YOU WIN TWO OUT OF THREE BOUTS, YOU ADVANCE TO THE NEXT ROUND!

THESE ARE THE WILDEST FIGHTERS THE WORLD HAS EVER KNOWN!

IN GAME A, YOUR FIGHTER ALWAYS FIGHTS FROM THE LEFT HAND SIDE OF THE SCREEN.

IN GAME A, PRESS "◀" TO BLOCK AN OPPONENT ATTACKING FROM THE RIGHT HAND SIDE!

IN GAME B, YOUR FIGHTER ALWAYS FIGHTS FROM THE RIGHT HAND SIDE OF THE SCREEN.

IN GAME B, PRESS "▶" TO BLOCK AN OPPONENT ATTACKING FROM THE LEFT HAND SIDE!

You select your fighter from among RYU, GUILE and KEN.

You fight against one computer-controlled opponent in each round:

ROUND 1—ZANGIEF ROUND 2—EDMOND HONDA ROUND 3—BLANKA

In all GAME A bouts, your fighter always lines up on the left hand side of the screen!

In GAME B:

You select your fighter from among BLANKA, ZANGIEF, and EDMOND HONDA. You fight against one computer-controlled opponent in each round:

ROUND 1—RYU ROUND 2—GUILE ROUND 3—KEN

In all GAME B bouts, your fighter always lines up on the right hand side of the screen!

Use your control buttons to throw punches, kicks, and special moves at your opponents! You must knock your opponent on his back! You also use your control buttons to block your opponent's attack! So you fight both offensively and defensively!

Each time you hit an opponent, his ENERGY METER will decrease. Once an opponent's energy meter drops down to empty, he's down for the count! Of course, each time an opponent successfully hits you, your ENERGY METER will drop! When your energy meter drops to zero, then you're down for the count! So attack when you can, but don't forget to think defensively by blocking your opponents attacks!

There is a built-in timer that counts down from 99 to 0 in every bout. If the timer reaches zero and neither you or your opponent has lost all your energy, the fighter with less energy goes down for the count! If both Street Fighters have the same energy when the timer reaches zero, then the bout ends in a draw!

Win two out of three bouts and you are the winner of the round! If all three bouts end in a draw, then you win the round. You also win the round if you win one bout, lose one bout, and one bout is a draw. When you win a round, you've earned the right to face the next challenger in the next round!
