## AIM OF THE GAME

Be the football pro who scores the most points during the game.

## THE WAY TO PLAY

**SETTING UP THE FIELD:** Clear the floor and make room to set up a playing field for Super Toe. It should be 8-10 feet long and 6 feet wide. Next, make up yard markers by writing the numbers 10, 20, 30, 40, and 50 on 1 inch x 1 inch pieces of paper. Space the markers evenly along the sideline to create a make-believe football field. Center the goalpost at the end of the field and you're ready for action!

**REGULAR GAME:** Divide the game into 4 quarters just like a regular football game. During each quarter, every player gets 5 tries to kick a field goal from any position on the field. The farther the distance and the more goals you complete, the more points you score. See illustration below.

Player who scores the most points in the game is the winner.

**SPECIAL ONE-ON-ONE GAME:** Place Super Toe anywhere on the field and try to make a field goal with one kick.

- IF YOU MAKE A FIELD GOAL, your opponent gets 2 shots from the very same position and tries to match your kick.

—If your kick is matched, you receive 0 points.

—If your kick is not matched, you receive 3 points.

Now it's your opponent's turn to place Super Toe and attempt a field goal that you will try to match.

- IF YOU DON'T MAKE A FIELD GOAL, it's your opponent's turn to place Super Toe anywhere on the field and attempt a kick that you will try to match.

Play as above until one player scores 15 points and wins the game!

| YARDAGE | POINTS |
|---------|--------|
| 10      | 1      |
| 20      | 2      |
| 30      | 3      |
| 40      | 4      |
| 50      | 5      |
