### Totally Hilarious Incredibly Neat Games of Skill™

GRABBIT®

OBJECT: Make the frog gobble up all 6 bugs before the timer stops.
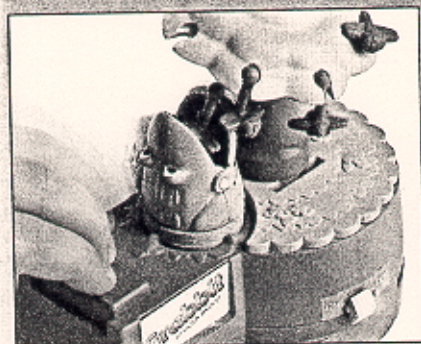

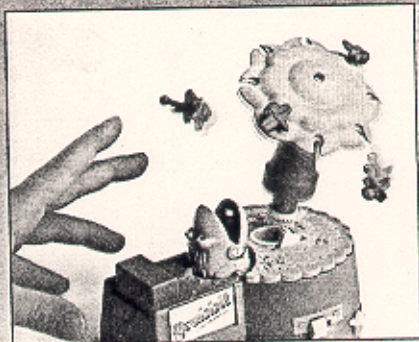

Can You Grab All the Bugs Before Time Runs Out?
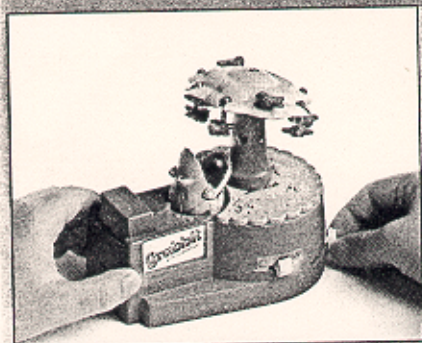

1. Apply labels where shown. Move switch to OFF, then move timer arm counterclockwise as far as it will go.

2. Set tree into base, then attach bugs to tree as shown. Move switch to ON, and the tree starts twirling!

3. When a bug flies over the frog, press the button. The frog will jump up and try to gobble the bug!

4. How many bugs can you get into the frog's mouth before the timer stops and the tree pops out?

GETTING THE BUGS OUT: When you finish a game, just turn the game unit upside-down and gently shake the bugs out of the frog's mouth.
