The AUTOBOTS™ and DECEPTICONS™ robots battle for control on their home planet Cybertron. A signal reaches them from another world, revealing the existence of the MINICON™ robots. This lost race of TRANSFORMERS® robots has awoken after centuries of hibernation on the planet Earth. The AUTOBOTS™ and DECEPTICONS™ follow the signal to Earth, each one hoping to be the first to find the legendary MINICON™ robots — whoever partners with them gains powerful new abilities! The fate of the Earth and the universe depends on who controls these small machines! Will it be the heroic AUTOBOTS or the evil DECEPTICONS?
