CYBERSHARK™**
FUNCTION: OCEAN ATTACK

Just when the Predacons™ thought it was safe to go back in the water... Cybershark™ rises to the surface for a fearsome feeding frenzy! Like a turbocharged torpedo speeding through the sea, Cybershark™ searches the ocean depths for Predacon™ enemies. Upon finding the enemy he launches his robotic hammerhead to knock 'em out cold, then finishes the job in robot mode by filleting his prey with his switchblade tail!
