STEP 1
Remove animal tail/weapon and set aside. Raise animal hips and open side panels.

STEP 2
Extend animal legs back and rotate lower half of robot completely around. Position holster.

STEP 3
Stand robot up then pivot animal chest panels and robot arms out into position as shown. Rotate animal head down and into robots back.

STEP 4
Tilt turbines back then raise them. Inserting tab into slots in back of animal's head.

STEP 5
Rotate handle in tail weapon out and place in robot hand as shown. Manually open and close claw.

REar Mterial

NOTE:
Some parts are made to detach if excessive force is applied and are designed to be re-attached if separation does occur. Adult supervision may be necessary for younger children.

NOTE:
Reverse the order of instructions to convert robot back into animal mode.
