NOTE: Some parts are made to detach if excessive force is applied and are designed to be reattached if separation occurs. Adult supervision may be necessary for younger children.

Some poses may require hand support.

Product and colors may vary.

IMPORTANT: BATTERY INFORMATION
Please retain this information for future reference.
Batteries should be replaced by an adult.

CAUTION:
1. Always follow the instructions carefully. Use only batteries specified and be sure to insert them correctly by matching the + and – polarity markings.
2. Do not mix old batteries and new batteries, or standard (carbon-zinc) with alkaline batteries.
3. Remove exhausted or dead batteries from the product.
4. Remove batteries if product is not to be played with for a long time.
5. Do not short-circuit the supply terminals.
6. Should this product cause, or be affected by, local electrical interference, move it away from other electrical equipment. Reset (switching off and back on again or removing and re-inserting batteries) if necessary.
7. RECHARGEABLE BATTERIES: Do not mix these with any other types of battery. Always remove from the product before recharging. Recharge batteries under adult supervision. DO NOT RECHARGE OTHER TYPES OF BATTERIES.
8. As with all small items, these batteries should be kept away from children. If swallowed, seek medical attention immediately.

1. Flip up rocket boosters!
2. Insert CYBER PLANET KEY™ to reveal hidden rockets!

TO REPLACE BATTERIES:
Using a Phillips/cross head screwdriver (not included), loosen screw in battery compartment door. Remove door. Remove and discard old batteries. Insert 3 x 1.5V “A76” or LR44 size alkaline batteries. Replace door and tighten screw. See diagram for polarity.

CAUTION:
1) As with all small batteries, the batteries used with this toy should be kept away from small children who still put things in their mouths. If they are swallowed, promptly see a doctor and, in the U.S., have the doctor phone (202) 625-3333 collect. In other countries, have the doctor call your local poison control center.
2) Make sure the batteries are inserted correctly and follow the toy and battery manufacturers’ instructions.
3) Do not mix old and new batteries, alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.
