

MIRAGE

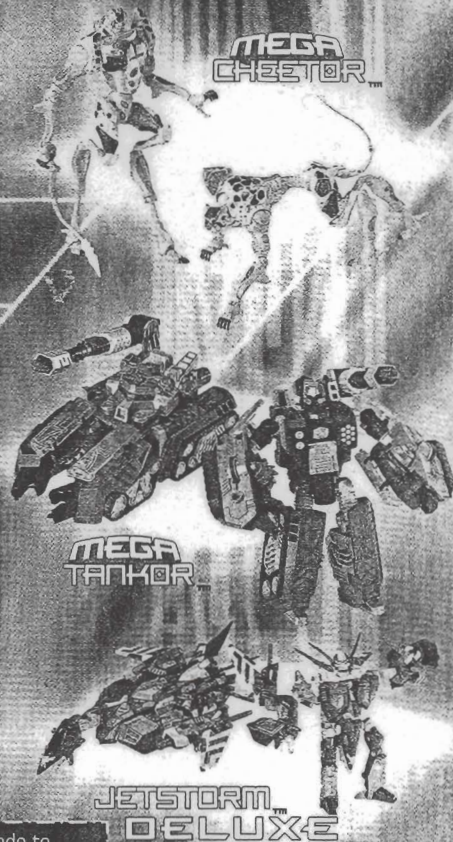

Indy Race Car

Function: Warrior
Motto: "Eat My Dust!"

Mirage is a real trickster—and like most practical jokers, loves being devious. An experimental, high-speed weapon created by Megatron to breach the intelligence gap between Vehicon generals and their drones. Still, not very smart. Would be useless without Megatron's supervision. Enjoys playing tricks on fellow Vehicons. Can appear from out of nowhere to attack Maximals. Sneakiest and most elusive of all Vehicons. Top speed of 300 miles per mega-cycle. Can instantly teleport up to 200 yards. Wields plasma mine biaster and dual missile launchers. Unpopular amongst fellow warriors.
