

HEROIC MAXIMAL™

BLACKARACHNIA®

Black Widow Spider

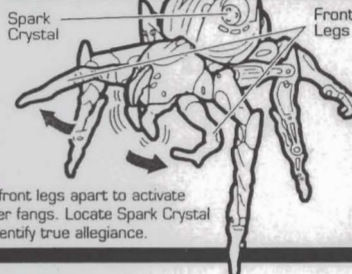

Function: Saboteur
Motto: "It is a double pleasure to deceive the deceiver."

Despite Predacon past, Blackarachnia detests Megatron and fights with the Maximals. The definitive femme fatale, she despises life's pleasantries, though sometimes can't help but feel an affinity towards certain Cybertronians. Her history of treachery and double-dealing make fellow Maximals distrustful. Spins metal-deteriorating webs that deflect energy pulses. Two stinger legs disrupt/overload any electronic system. Can ground herself with legs and use stingers to send electronic pulses through the ground towards enemies. Six eyes are hypersensitive to enemies and targets.

INSTRUCTIONS: Excessive force is not necessary. Some parts are made to detach if excessive force is applied and are designed to be re-attached if separation does occur. Adult supervision may be necessary for younger children.

1 ATTACK MODE

Pull front legs apart to activate spider fangs. Locate Spark Crystal to identify true allegiance.

2

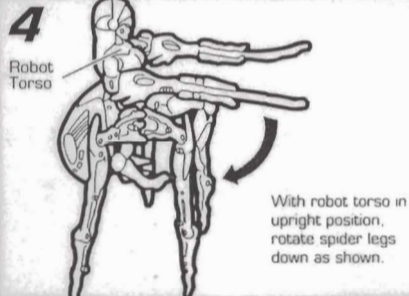

A. Pull spider body forward as shown.
 B. Raise robot head up slightly.
 C. Pivot rear spider leg connector up into robot back. Spider legs lock into arm slots to become robot arms.

3

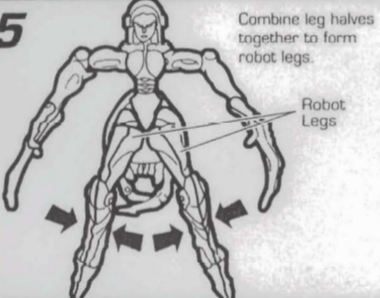

Rotate robot torso and arms down as shown.

4

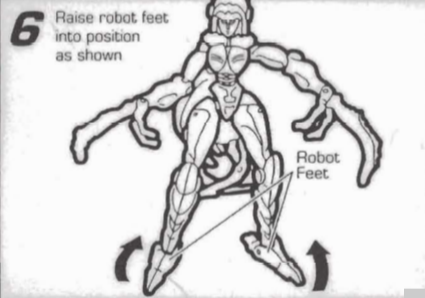

With robot torso in upright position, rotate spider legs down as shown.

5

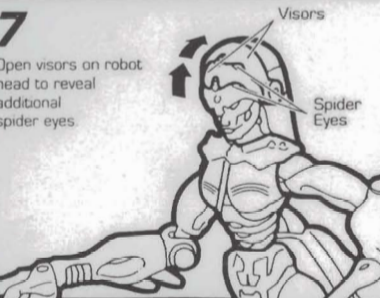

Combine leg halves together to form robot legs.

6

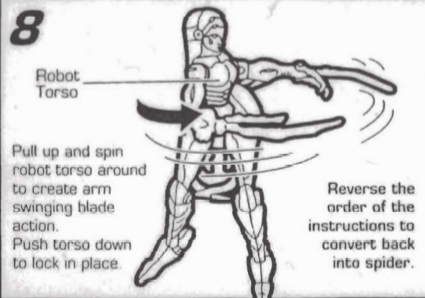

Raise robot feet into position as shown.

7

Open visors on robot head to reveal additional spider eyes.

8

Pull up and spin robot torso around to create arm swinging blade action. Push torso down to lock in place.

Reverse the order of the instructions to convert back into spider.
