

HEROIC MAXIMAL™

SNARL™

Lion

Function:
Strategic Specialist

Motto: "They won't even see it coming!"

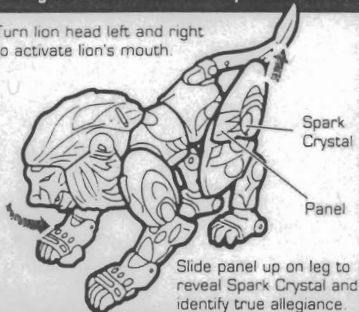

As a strategic genius, Snarl is a critical component of the Maximal command. Has the uncanny ability to sense his opponent's weaknesses and exploit them to Maximal advantage. Considers Vehicons a substandard challenge to his abilities - desires a match of tactics and cunning against Megatron where the victor wins the war over Cybertron. Has an ambush style of attack that rarely leaves his enemies the option of survival.

INSTRUCTIONS: Excessive force is not necessary. Some parts are made to detach if excessive force is applied and are designed to be re-attached if separation does occur. Adult supervision may be necessary for younger children.

1 Turn lion head left and right to activate lion's mouth.

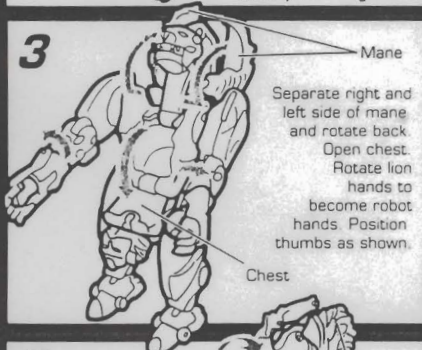

Slide panel up on leg to reveal Spark Crystal and identify true allegiance.

2

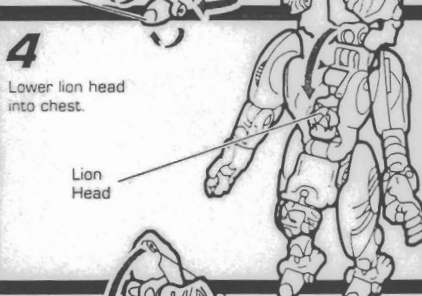

Stand lion up. Push legs up towards chest by rotating hinge on hips. Turn lion feet around and rotate robot feet out.

3

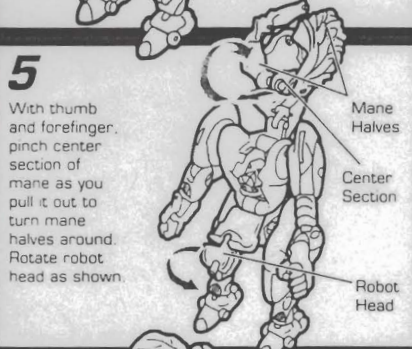

Separate right and left side of mane and rotate back. Open chest. Rotate lion hands to become robot hands. Position thumbs as shown.

4

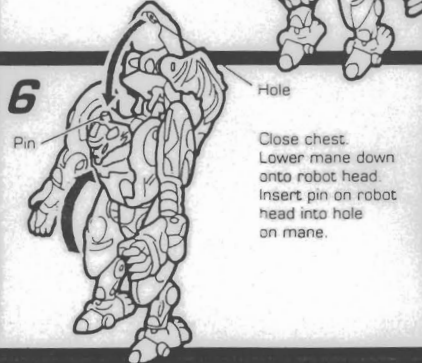

Lower lion head into chest.

5

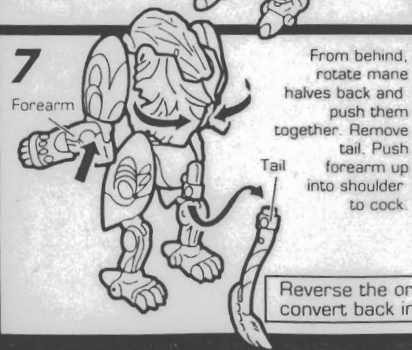

With thumb and forefinger, pinch center section of mane as you pull it out to turn mane halves around. Rotate robot head as shown.

6

Close chest. Lower mane down onto robot head. Insert pin on robot head into hole on mane.

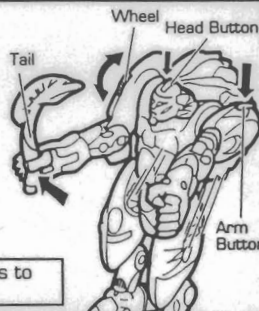

7

From behind, rotate mane halves back and push them together. Remove tail. Push forearm up into shoulder to cock.

8 ATTACK MODE

Push pin on hand into hole on tail to become weapon. Rotate wheel back and forth to move arm up and down. Press button on the other arm for punching action. Push button on top of robot head to activate mouth.

Reverse the order of the instructions to convert back into lion.
