**FUNCTION: INTELLIGENCE OPERATIVE**  
"Do not go gently into that good night."

Nightglider is the most skillful Maximal spy. A creature of the night, he operates best alone. Can virtually escape detection—emits an electromagnet cloaking field, is soundless in flight, disappears in subdued light or shadow. Electro-disruptor can cast illusions, altering his physical placement and appearance for up to 10 minutes. Devoted to the Maximal cause; despises Predacons. Wields serrated Energon sword.

**INSTRUCTIONS:** Excessive force is not necessary. Some parts are made to detach if excessive force is applied and are designed to be re-attached if separation does occur. Adult supervision may be necessary for younger children.

Reverse the order of the instructions to convert back into Flying Squirrel.
