MAXIMAL™ SONAR™

FUNCTION: AERIAL RECONNAISSANCE

The dangerous cloning experiments carried out by Megatron have created another powerful ally for the heroic Maximals: Sonar. Super-acute senses provide matchless reconnaissance abilities, while bio-cyber elements allow unmatched strength and mobility. When combined with a fiery, almost uncontrollable aggression, Sonar makes a dangerous enemy and a somewhat unpredictable ally. Much to his chagrin, Megatron has unintentionally created the finest early-warning system ever to have existed - the Maximal known as Sonar!

INSTRUCTIONS: Excessive force is not necessary. Some parts are made to detach if excessive force is applied and are designed to be re-attached if separation does occur. Adult supervision may be necessary for younger children.

Reverse the order of the instructions to convert back into Beast mode.

Have an adult cut along dotted lines.
